

GEN'L FUNSTON IS DEAD

MAYOR SEEKS COST OF WACO FAMILY TABLE

Will Write Fifteen Families on How Much It Costs to Live.

KEEP TRACK OF BILLS

Wacoans Will Be Asked to Tabulate Amounts Spent for Groceries and Meat.

What is the grocery bill for the average family of two or five living in Waco?

Mayor John Dollins will be able to answer this in the course of a month.

To secure this information Mayor Dollins stated last night that he will ask fifteen families to keep account of their grocery, meat and poultry bills for thirty days. It is the intention of the mayor to select families in the various walks of life and to include families of two, three, four, five and six members.

In this way just what H. C. O'Living is doing in this section of the state can be determined. Mayor Dollins intends to secure fifteen families as soon as possible.

He will urge an accurate account of their bills for the thirty-day period.

RESTAURANT MEN IN RADICAL MOVE

PLAN TO CENTRALIZE BUYING IN HOPES OF LOWERING PRICES HERE.

With the object of organizing, buying their cream, butter, eggs, vegetables and meats as far as possible from one person or firm, Waco restaurant and lunch men met yesterday afternoon. The organization will be perfected Thursday at the Chamber of Commerce at 3 o'clock.

Boarding house keepers of Waco will be asked to join in the movement. The plan would be to buy all butter from one man, all eggs from one man, firm, and so on, the belief being that better prices could be secured in this way.

J. B. Greer of Waco, president of the freshman class of State university, was "kidnaped" early Saturday morning from his room in B. hall.

Greer is scheduled to lead the grand march of the class at the annual ball given by the first year students at the Knights of Columbus hall Thursday night. Austin papers hint that the joke was perpetrated on Greer while he was in bed, through slipping in and throwing a sheet over his head. He is expected to show up shortly after the ball, if not before.

Manchester's Trucks Will Have to Obey Speed Laws

Voicing the sentiment that it is time for someone to take practical steps to stop speeding and over-fast running of autos in Waco, Col. W. M. Manchester, owner of the Waco Transfer company, said yesterday:

"I am going to have one or two new trucks made right away, and it is my intention to have them so constructed that they will not run exceeding fifteen miles an hour at any time. That is fast enough at any point in Waco, and by having a maximum limit placed on the speed of the machines, which can be done when they are constructed, I will have done what I can to start a real 'slow down' movement in Waco."

HOUSE TURNS DOWN PROBE OF GOVERNOR

Vote Last Night Was 104 to 31 Against Resolution Offered Yesterday.

SENATE VOTE ANTICIPATED

Lattimore Resolution Is Expected to Meet Same Fate Today.

Special to The News.
Austin, Tex., Feb. 19.—By a vote of 104 to 31 the house refused today to investigate the governor. In effect this means that the charges brought by Senator Johnson of Hall county and reiterated in the O'banion house resolution will go unproved.

Tomorrow the Lattimore resolutions calling for an investigation of the Johnson charges will likely be voted down in the senate.

It is also likely that the appointments of Dr. D. H. Lawrence, J. W. Butler, Wilbur P. Allen and H. Brendt as regents of the university will be confirmed. The appointment of Abe Frank, an Austin cigar merchant, as a member of the board of managers of the insane asylum here, will be confirmed.

The senate is due to take up the Lattimore resolutions and the report of the university probe committee at 10 o'clock Tuesday. At 2:30 p. m. the senate goes into executive session on the governor's appointments.

Indications are that all investigations for this session will be side-tracked. Members of the legislature seem to be inclined to pass laws and leave probes entirely alone.

Demo. Primaries to Settle Question of Office Today

"Who's Who" as to the democratic nominations for city offices in Waco will be determined in the primary today in the case of candidates for city health commissioner and city recorder.

Polls open at 8 and close at 7 o'clock, and the results will be known early as there are only two contests. Polling places: First ward, city hall; second ward, Twelfth street fire station; third ward, Eighth and Franklin streets; fourth ward, Peerless building, Franklin street side; fifth ward, East Waco fire station; sixth ward, North Ninth street fire station.

Collapse Proves Fatal to Chief of Border Army

By Associated Press.
San Francisco, Feb. 19.—Mrs. Frederick Funston, who is living here with her three children at the Presidio, was informed tonight by Maj. Gen. J. Franklin Bell, commanding the western division, of the death of General Funston. She is prostrated. The children are Frederick, Dorothy and an infant.

San Antonio, Texas, Feb. 19.—General Frederick Funston, commander of the southern department since February, 1915, died suddenly at the St. Anthony hotel here tonight a few minutes after he had finished dinner. He collapsed while seated in the lobby of the hotel talking with friends and was playing with little Inez Silverberg, of Des Moines, Iowa, a guest with her parents at the hotel, when he fell unconscious.

Death was almost instantaneous. General Funston was fifty-one years old. Ever since March, 1916, when he was placed in command of all United States forces on the Mexican border, General Funston had worked at an unusual pace. At critical times in border developments he frequently remained on duty twenty hours of the twenty-four.

The handling of regulars disposed of at various stations on the border, the Pershing expedition and, of late, re-arrangement of regular troops while providing for the return of national guardsmen have entailed an enormous amount of detail work, probably exceeding that which fell to any commanding general of the United States army since the civil war. Only today General Funston completed orders for the return of the last of the guardsmen. Because of the amount of work which has fallen to him, General Funston's only recreation or relaxation for nearly a year has been an occasional dinner party with a few friends.

Only recently General Funston returned from an inspection trip which took him as far as Nogales, Ariz. That, with one trip to Brownsville, Texas, and a brief visit to Austin, Texas, last year, were the only times when he has been absent from his desk since the border trouble developed.

Two weeks ago General Funston suffered an attack of indigestion. To use his own expression, he "fought it out alone." Later he placed himself under the care of Lieut. Col. M. W. Ireland of the medical corps, southern department, and regained his normal health and spirits.

"For three days," said Colonel Ireland tonight, "General Funston has been entirely well." Nevertheless at dinner tonight General Funston was particularly abstemious and ate only sparingly of the simplest dishes.

Col. Malvern-Hill Barnum, General Funston's chief of staff, immediately notified the war department of General Funston's death. News also was dispatched to Mrs. Funston, who is visiting her father in California. No arrangements for General Funston's funeral have been made.

The body was taken to local undertaking parlors. General Funston's last words before he became unconscious were: "How beautiful it is!" He referred to the beautiful Blue Danube waltz which the hotel orchestra was playing. Besides his wife, General Funston is survived by three children, Frederick Jr., aged 10; Barbara, aged 9, and Elizabeth, 8 months.

DEATH IMMEDIATE.

San Antonio, Feb. 19.—Lieut. Col. W. M. Ireland, medical corps, U. S. A., who has been General Funston's physician for some time, said tonight: "General Funston's death was caused by angina pectoris of the arteries of the heart. Death was almost immediate and without pain."

Colonel Ireland said General Funston had been under his care for the past two weeks and the past few days had been practically well. Two weeks ago he had an attack of acute indigestion.

By Associated Press.
Washington, Feb. 19.—Major General Funston's sudden death came as a great shock to high officials of the army and to President Wilson. He was one of the most distinguished commanders of the service and one of whom greater things were expected in the future. The youngest major general of the line, vigorous and apparently healthful, he had been counted on for many more years of active service.

The news reached the war department late tonight in a brief dispatch from the headquarters of the southern department saying General Funston had died of heart failure. It was telephoned to Secretary Baker's home, where a dinner was being given to the president with most of the ranking army officers in Washington among the guests.

Baker's Statement.

Secretary Baker made this statement: "General Funston's death is a loss to the army and a loss to the country. During the trouble on the Mexican border his work has been difficult, exacting and delicate. His conduct has been that of a soldier and he has exemplified the high tradition of the American army by his quick, intelligent and effective action. "Throughout it all the sympathy be-

WILSON BACKS CUBAN CHIEF; REBELS HALT

Declares Will Hold Rebel Leaders Responsible for Injury to Anyone.

JOLT TO SYMPATHIZERS

Meanwhile, Rebel Forces Reported Aiming in Force in the Interior.

By Associated Press.
Washington, Feb. 19.—Costa Rica's deposed president, Alfredo Gonzalez, was assured by Secretary Lansing today that the United States would not recognize the government set up by General Tinoco, the former war minister, who executed a bloodless coup several weeks ago that sent the president to the American legation for refuge.

By Associated Press.
Havana, Feb. 19.—The feature of today's developments in the revolutionary movement in Cuba was a note delivered at the presidential palace this forenoon by William E. Gonzales, American minister, in which President Wilson unqualifiedly declared his intention of supporting the legally constituted government of General Menocal and of holding the rebel leaders responsible for injury to persons or property of foreigners.

The note fell like a bomb among the sympathizers with the revolt and was a source of great satisfaction to government officials. Virtually no news of any engagements reached the capital up to a late hour tonight and such reports as were received showed the interior clear of armed forces of any considerable size; it appears that only at Camaguey and Santiago are there important forces to be dealt with.

Rafael Martinez Ibor, Cuban consul at Tampa, has complained to the United States postoffice inspector for the district of Jacksonville, Fla., against Orestes Ferrera and Dr. Raimundo Cabrera, who are now in the United States, charging them with violation of the postal laws in that statements made by them reflecting on the honor of President Menocal have been sent through the mails.

The revolution in Cuba does not seem to have frightened tourists away from Cuba, 400 of them having arrived in this port from New York, New Orleans and points in Florida.

U-Boats Add 21 to List of Victims; Tonnage Sunk Since February 1 Is 291,734

GERMAN submarines, by report, yesterday sank ships totaling 42,505 tons. The Kaiser, in inaugurating his new U-boat campaign February 1, declared success in the venture of starving England depended on the sinking of approximately 500,000 tons per month. England's total shipping tonnage is about 20,000,000.

WILSON NOT TO GO TO CONGRESS FOR FEW DAYS

INDICATIONS POINT THIS WAY, UNLESS SENSATIONAL DEVELOPMENT HASTENS ACTION.

By Associated Press.
Washington, Feb. 19.—There were strong indications tonight that unless some sensational development precipitates immediate action, President Wilson's next step in the crisis with Germany will be postponed until a few days before congress adjourns, a week from Sunday.

The belief is prevalent in official quarters and at the capitol that the president intends to ask congress for authority to protect Americans and their ships from illegal submarine attacks, and as he is known to want no extra session if it can be avoided, it is regarded as certain that he will address a joint meeting of congress before March 4. It was stated authoritatively again tonight that nothing toward that end had been done since the president visited the capitol and discussed the subject with senators Saturday evening.

Sees Minority Opposition.
Although recognizing the existence of minority opposition in both houses to a resolution which would give the president authority to deal with any emergency that might arise after adjournment, administration leaders are satisfied that if such power is sought it will be given. The minority contention is that the executive now has power to use the nation's armed forces short of war and that if necessary the new congress could be called into session quickly.

Demands that some way be found for relieving the congestion at Atlantic ports resulting from the holding of American and other neutral ships in ports, are pouring in at the white house and the executive departments. The disposition of the administration, however, seems to be to wait further development of Germany's policy. It is freely admitted that American rights are being violated and the government defied and that at what the president deems the proper time, the United States must assert itself.

Prisoners Released "Shortly."

Word came from the Spanish minister at Berlin today that the American prisoners of the prize ship Yarrowald would be released "shortly." The United States will insist that having been carried into Germany against their will, the men must be given their freedom in some neutral country from which they may make their way home.

Those in charge of the work of preparing the nation for possible hostilities, which have gone steadily forward, believe it now has reached the stage where the country's resources can be marshaled quickly for the public service if the need comes.

Ask for Survey.

After two weeks of intensive preparation by the army and navy, an order was issued today under which an immediate appraisal will be made and the exact condition of the regular fighting forces reported to the president. There was no indication that the move reflected any increased apprehension as to the imminence of hostilities, but it was said some details of the military and naval organizations remained in an unsatisfactory state and the president was anxious to know just where further steps would be necessary.

In some quarters it was suggested that the appraisal was to be made now so that additional recommendations to congress for emergency legislation might be made during the remainder of the session. Most of the administration's suggestions for legislation already have been acted on in at least one house, and it is thought that if further provisions are deemed necessary to perfect the defense laws, they can be added to measures already on their way to enactment.

Ask Papers' Aid.

Secretary Daniels is preparing to appeal to American newspapers to refrain from publishing for the present any information as to the movements of American vessels or as to activities toward defense preparations at various yards and harbors. He probably will seek the co-operation of the American Newspaper Publishers' association, as there exists no authority for establishment of an actual censorship.

The navy department has no control over the press to prevent publication of navy arrivals and departures at American harbors, and these have been printed very generally. Publishers will be asked to refrain from this practice in future as a patriotic duty.

COLLAPSE PROVES FATAL TO CHIEF OF BORDER ARMY

CONTINUED FROM PAGE ONE.

tween General Funston and the department has been complete and no shadow of disagreement has arisen. "I am deeply grieved personally at his death and feel that his loss to the country is very great."

Pershing Succeeds.

Major General Pershing, who has been in command of the El Paso district since the withdrawal of the American expedition from Mexico, automatically will succeed to the duties of the commander of the southern department until an appointment has been made. Recently made a major general, he is the only officer of that rank now assigned to the department.

As immediate successor to the command, General Pershing will have charge of the many details of the movement of the remaining units of the national guard ordered home from the border last Saturday. It is expected here that this movement, plans for which were worked out by General Funston virtually his last military duty, will go on without interruption.

Funston's Life.

The picturesque and dashing capture of Aguinaldo, the Filipino rebel chief, was the achievement which brought Funston prominently to the attention of the American people, but he performed many services for his country besides that which were probably more difficult. His administration of affairs in Vera Cruz, where he carried out the president's orders with a firm hand, simply holding the city when every influence about him was centered upon forcing the American army into actual fighting with the Mexicans, probably was the most notable service of his career.

Native of Ohio.

Funston, a native of Ohio and reared on a Kansas farm, had a remarkable career before he became a soldier. Few people know that his first work was as a scientist with a bent toward botany. As an agent of the department of agriculture in 1891 he took part in the Death Valley expedition; then he explored Alaska and the British northwest and crossed Alaska to the Arctic ocean and traveled from McKenzie river to Bering sea—a journey of about 3,500 miles. He camped in the Klondike during the winter of 1893 and then alone flowed down the Yukon in a canoe, a journey of hundreds of miles through a wilderness without seeing another living soul. Soon after that he resigned from the department of agriculture and traveled in Mexico.

When the last Cuban insurrection broke out Funston applied to the revolutionary junta in New York for service with the rebel army but the Cubans suspected him of being a spy or an agent of the United States running down violations of New York neutrality laws. Finally he convinced them of his intentions and for many weeks in rooms in out of the way street on the lower East Side of New York Funston instructed recruits in the handling of machine guns of which the Cubans were ignorant. Soon afterward he was taken into the Cuban army with a commission.

Won His Rank.

When he won his rank of brigadier as a reward for his capture of Aguinaldo his active service in the regular United States army began. He speedily reached the top of the list of brigadiers but when there were vacancies in the list of major generals he was passed over no less than six times by Presidents Roosevelt and Taft. At times Funston almost despaired of further promotion but with characteristic tenacity he stuck to the army. When Vera Cruz was occupied Major General Wood, chief of staff, immediately selected Funston as the logical man for the field command. Every army officer expected there would be fighting of the hard guerrilla kind learned in the Philippines and everyone agreed that when Funston landed in Vera Cruz he "would start something."

Followed Orders.

But when Funston unloaded his troops and relieved the navy of possession of the city he learned that President Wilson's orders were that there was to be no aggressive movements; that the army was to watch and wait.

Every provocation to spur a fighting man to action was given but Funston never forgot his orders whatever his own emotions might have been. He held down the situation and President Wilson made him a major general.

Besides Major General Scott, the chief of staff, there now are five major generals in the army, any one of whom might be assigned to the command of the southern department. General Wood at New York, General Barry at Chicago, and General Bell at San Francisco already command departments. The other two generals are General Pershing and General Bliss now at the war department as assistant chief of staff. Army men thought it probable tonight that General Pershing would be given the command, although no official statement was to be had on the subject.

Scott Hears News.

General Scott was deeply affected by the news. "General Funston's unassuming ways endeared him to all with whom he was associated," he said, "and his military efficiency earned the confidence of the war department. The secretary of war recently sent him a commendatory letter about his conduct of affairs on the border while his service at San Francisco at the time of the earthquake and at Vera Cruz will not soon be forgotten. Personally, I feel the loss of a real friend."

FROM MAJOR WOOD.

By Associated Press.
New York, Feb. 19.—"I am very much shocked and grieved," said Major General Leonard Wood, commander of the department of the east in a statement issued tonight after he had been informed of the death of General Funston. "The country has lost one of its most efficient and valuable officers at a time when he can ill be spared. He won his way to the highest ranks in our army through gallant and efficient performance of duty wherever assigned. The army will mourn his loss very deeply."

Judge Kingsbury's Final Campaign Talk

I would like to be re-elected today by such a vote, that all violators of the law will realize that I have the public sentiment of this community with me in my efforts to preserve order and enforce my ordinances. I have but one purpose in holding and in desiring to continue in the Recorder's office, and that purpose is to be of real, genuine service to the people among whom I have lived these many years. I owe them some service and now, in the administration of this office, I ask an opportunity to pay it. Whatever the result of today's election, the way my friends, those who know me and trust me, have rallied to my support will always be a very gracious and pleasant memory. Their names are forever engraved on my memory tablet, and their kind offices at this hour are glowing in the sanctuary of this old heart. God be with them and their people always.

To the working people who evidenced their faith by their votes in the first primary, my gratitude is unspeakable. They believe that I am fair and just and impartial, and it is grand to know that their judgment inclines them to vote for the OFFICER.

Vote for me and elect me, thereby guaranteeing to this community a forum of justice over which will preside a judge whose conscience is his guide and whose heart is big enough to compass all the troubles of those who need protection.

DEBATE ESPIONAGE IN THE SENATE PASSAGE EXPECTED

NIGHT SESSION TAKES UP VIOLATIONS OF NEUTRALITY AND CONSPIRACIES.

By Associated Press.
Washington, Feb. 19.—Debate on the administration bill to punish espionage, violations of neutrality and conspiracies by agents or sympathizers of foreign governments was concluded tonight in the senate and its passage is expected tomorrow. A vote was taken tonight and a large majority of the thirty-five senators present favored the bill but efforts to get a quorum failed.

During the day Senator Cummins continued his attack on the language employed in the bill and was answered by several democratic members of the judiciary committee.

Senator Cummins said the bill was the most stringent and drastic ever proposed to curb a free people in time of peace or war. He declared that under it the government would have absolute power in war time to suppress newspapers and prevent debate in congress and that it might even be held a criminal offense for two citizens to discuss with each other questions of military information or policy.

The senator objected particularly to a portion making it a crime to spread any report that might interfere with military operations. As he construed this language he wondered whether under such a law the agitation would ever have taken place in England which led to the assumption of the premiership by David Lloyd George.

Senator Walsh insisted that the Iowa senator misunderstood the language of the bill. He said under its terms debate would not be shut off in congress or criticism of military operations by persons, but that the provision was intended to prevent spreading of reports that might interfere with military operations by causing disaffections.

Wilson Asks for Survey of U. S. A. Fighting Force

By Associated Press.
Washington, Feb. 19.—Army and navy bureau chiefs have been instructed to compile immediately an exact appraisal of the condition of the regular fighting forces of the country for the information of President Wilson. The report will deal with questions both of personnel and material. From it the commander in chief will be able to form an exact idea of the state of the nation's defenses.

The most immediate need in both the army and navy is for officers and men.

Judge Kingsbury's Final Campaign Talk

I would like to be re-elected today by such a vote, that all violators of the law will realize that I have the public sentiment of this community with me in my efforts to preserve order and enforce my ordinances. I have but one purpose in holding and in desiring to continue in the Recorder's office, and that purpose is to be of real, genuine service to the people among whom I have lived these many years. I owe them some service and now, in the administration of this office, I ask an opportunity to pay it. Whatever the result of today's election, the way my friends, those who know me and trust me, have rallied to my support will always be a very gracious and pleasant memory. Their names are forever engraved on my memory tablet, and their kind offices at this hour are glowing in the sanctuary of this old heart. God be with them and their people always.

To the working people who evidenced their faith by their votes in the first primary, my gratitude is unspeakable. They believe that I am fair and just and impartial, and it is grand to know that their judgment inclines them to vote for the OFFICER.

Vote for me and elect me, thereby guaranteeing to this community a forum of justice over which will preside a judge whose conscience is his guide and whose heart is big enough to compass all the troubles of those who need protection.

R. H. KINGSBURY.

Baker Thanks Commanders for Guard Service on Border

By Associated Press.
Washington, Feb. 19.—Secretary Baker sent a letter of thanks today to the commanders of all national guard units which saw service on the Mexican border.

"I wish to thank you and the officers and men of your organization who went to the border in response to the call of the president," wrote the secretary in part, "for the valuable service which you have rendered to the country."

Suffering in Greece Brought to Attention of Washington

By Associated Press.
Washington, Feb. 19.—Further information of the suffering in Greece resulting from the entente blockade was submitted to the state department today by the Greek legation. Cases of starvation were reported from various provinces and the poor quality of flour available was said to have brought on an epidemic of dysentery, and ptomaine poisoning.

Will Withhold Decision on News Print Paper

By Associated Press.
Washington, Feb. 19.—The federal trade commission will withhold its decision on the proposal by a large group of American and Canadian newspaper makers that the commission fix prices for their product until other manufacturers are heard. There is a general belief, however, that most of the manufacturers will support the suggestion and that the trade commission will approve it.

Like a Foe in the Night Impurities Creep Into the Blood

IMPORTANT THAT THE LIFE-GIVING BLOOD SUPPLY BE KEPT IN PERFECT CONDITION.

In this day of keen competition, you cannot afford to overlook the slightest advantage. You must keep in perfect physical condition and ever on the alert to tackle the day's problems. You cannot afford to permit any impairment of your health. Anything that affects your physical well-being is a handicap that will prove serious. The most important part of your physical makeup is the blood supply, and upon its condition depends the proper action of every vital organ of the body. If the blood has become impoverished by impurities creeping in, if the circulation is poor and inadequate, the first effects are a general run-down and "good-for-nothing" feeling that renders you unfit for the performance of your ordinary tasks.

This condition robs you of your usefulness. But worse than that, it renders the system unable to resist disease, and almost any serious sickness may prove fatal. Take no chances; keep the blood absolutely free from all impurities. S. S. S. is one blood remedy, guaranteed purely vegetable. It has been on the market for more than fifty years, and its use will make the blood pure and rich. S. S. S. is sold by druggists everywhere. AMERICANS ARE LEAVING GERMANY

THOSE WHO DID NOT ACCOMPANY GERARD ARE RETURNING THROUGH SWITZERLAND.

By Associated Press. Copenhagen, Feb. 19.—The American consular officers in Germany who did not accompany Jas. W. Gerard when he departed from Berlin, now are leaving Germany, most of them by the route to Switzerland. Frederick Achenbach, special examiner of the American treasury in Germany, and Scandinavian and his brother and clerk, Charles Achenbach, arrived last night, coming from Berlin this way on account of their connections with Scandinavia.

The same train brought Mr. Luetke, delegate of the American Red Cross of Austin, Texas, and Arthur Abrecht, New York newspaper correspondent. As far as is known, however, no arrangements have been completed for the departure of Americans of other than official or newspaper status, though the general impression in Berlin is that this soon will be permitted.

LABOR OF GERMANY SEES NO PEACE

FEDERATION HEAD IN EUROPE CABLES ANSWER TO SAMUEL GOMPERTS.

By Associated Press. London, Feb. 19.—The Vorwaerts (Berlin) says a Copenhagen dispatch to the Exchange Telegraph company publishes the cablegram of Samuel Gompers, president of the American Federation of Labor, to President Leiden, of the German federation of trades unions and the reply of President Leiden.

Mr. Gompers cabled: "Can you bring influence to bear on your government so that a breach with the United States may be avoided?"

Mr. Leiden replied: "Since the war broke out the German laboring classes have worked for peace and they are against every extension of the war. The refusal of the enemy to consider the sincere German peace offer, the continuation of the dreadful war of starvation directed against our women and children and old people and the open confession of our enemies that their war aim is the annihilation of Germany—all that has caused a sharpened submarine war. Influence on our side on the government is only possible if America can persuade England to give up her war of starvation."

Americans in Berlin Are in "Status Quo"

By Associated Press. Copenhagen, Feb. 19.—(Via London) —All Americans arriving from Berlin have reported that the situation in Berlin so far as Americans are concerned is little changed since the departure of Ambassador Gerard.

The Lokal Anzeiger, the Deutsche Tages Zeitung and several other newspapers of Berlin and the provinces have printed unpleasant things about America and Americans, but there appears to be no disposition to make trouble for Americans remaining in Germany.

The only inconvenience has been inability to get permission to leave the country. Even this is not felt seriously by a large part of American residents who have determined to remain in Germany.

Arkansas Owns to Center of Mississippi River

By Associated Press. Little Rock, Ark., Feb. 19.—The state supreme court today ruled that the state of Arkansas owns to the middle of the Mississippi river. The decision was rendered in a case in which the state had obtained judgment in circuit court for \$29,450 against the Union Sand and Gravel company of Desha county for material removed from the river.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthox (which you can get at any drugist's) in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a canthox shampoo, arranging the hair is a pleasure.

Cheap and big can Baking Powder do not save you money. Calumet does—it's Pure and far superior to sour milk and soda.

The executive board of the State Federation of Women's Clubs in annual session at Dallas yesterday, amended the constitution so as to enlarge the board to extend the voting privilege.

Mrs. Percy V. Pennypacker, past president of the organization, who arrived here last night from New York city, was present.

This afternoon she will go to Fort Worth to speak in the interest of home economic week.

Reception of Saturday.

The reception of Saturday, given by Mrs. E. E. Fitzhugh and Miss Zoe Fitzhugh, closed a week of unusual gaiety.

In this, the hostesses compliment Mrs. A. Wakefield Slaten, now of Ann Harbor, Mich. who is upon her first visit home for seven years—having spent the greater part of the time in Scotland and Germany.

Also the affair presented to society the young matron daughter and sister, Mrs. Francis Shelton, who was, until late autumn, Katherine Fitzhugh.

The basket motif was carried out in pretty effect. Numerous baskets filled with golden narcissus were arranged with taste in hall and on parlor mantle and flower stands held brown baskets laden with these fragrant spring blossoms.

In the dining room the height of beauty was reached, the table being covered with a handsome embroidered cloth in basket design. Yellow narcissus gave sweet fragrance from the basket in which they were clustered. This occupied the central place of the reception table. White and gold mints in crystal receptacles were a further adornment.

The beauty of the receiving party, in evening dress, was enhanced by the soft glow of electric lights.

Mrs. A. L. Skinner met and welcomed the guests. Little Virginia Fitzhugh and Ruth Maxwell held the trays, while Miss Fitzhugh, wearing a lovely reception dress of pink messaline and cream tulle with corsage of sweet peas, introduced her sister, Mrs. Slaten, who, on this occasion, wore an elegant imported gown of Brussels net.

Mrs. Laura Murrell, the beloved

mother of Mrs. Fitzhugh, was fondly greeted by all callers.

This was one of the largest gatherings of the winter season, and afforded friends the pleasure of greeting two very delightful honorees.

A Home Wedding.

At 10:45 o'clock on Sunday morning, in a quiet home ceremony, Mrs. Sara Kendall McReynolds became the wife of Mr. Charles Chapin Irvine.

The wedding was short of all elaborateness and was witnessed only by the immediate family of the bride and Miss Bettie Sedberry, sister of the groom.

The bride's father, Rev. John Kendall, read the marriage lines with tender emotion for this, his youngest daughter.

A midnight-blue traveling suit did service also for the wedding gown. With this was worn one of the new spring hats of black straw exceedingly becoming to the bride's blonde type.

After the sacred words were spoken, Mr. and Mrs. Irvine were off for a week in Houston and Galveston. Upon their return they will be members of the Kendall household until plans for a home of their own mature.

Mrs. Irvine is one of the most attractive and popular young women in the city. Bright and vivacious, with a certain charm of manner, she is beloved by a wide circle of friends. She has her degree from Baylor university, where she also graduated in music. Her sweet voice has given pleasure to many.

For several years she has been identified with the Jean Sherwood school, where she was a favorite with the teachers and had a refining influence upon all her pupils.

The handsome groom shows a like popularity, both in his home town and other Texas cities, where he travels in the interest of the Cooper Grocery company. He moved to Waco from Tennessee and has been a substantial and loyal citizen of his adopted home. He is capable in business and a splendid man to have for friend.

Many sweet remembrances and elegant gifts were sent Mr. and Mrs. Irvine on their wedding day.

Witnessing the ceremony were the parents of the bride, Rev. and Mrs. John Kendall, Master Boone McReynolds, the aunt for whom she is named,

TURNED TO OLD FRIEND CARDUI

And Soon Was Perfectly Well and Strong, and Better Than She Had Ever Been, Says Kentucky Lady.

Narrows, Ky.—Mrs. C. F. Askins of this place writes: "About fifteen years ago I had got into a run-down state, my back ached all the time, felt weak, my bones seemed to ache all over. I had weighed only 104 pounds when I married, and never had been right robust since I reached womanhood . . . but after my marriage, I seemed to get worse all the time for two years . . . until at this time my brother's wife . . . advised me to take Cardui. Therefore, I began taking it, and in a short while, I began to improve, my health and strength began to be built up and also my flesh . . .

"After my first child's birth, over two years had passed by, but the . . . didn't appear. My husband got me some medicine from our doctor, which did me no good, but he intended it to bring me . . . about, for he said the blood was going to my head and causing it to ache, which also helped to make me so dizzy. . . So I turned to my old friend Cardui and began taking it and . . . soon I was perfectly well and strong, gradually gained flesh until I weighed about 195 pounds, and was so stout and strong, better than I ever had been."

Cardui, used by thousands of women, and prescribed by physicians, must be a good medicine. Try it.

FERGUSON AGAIN UNDER FIRE IN HOUSE AT AUSTIN

RESOLUTION CALLING FOR INVESTIGATION OF HIS ACTS ONCE MORE CALLED UP.

By Associated Press.
Austin, Tex., Feb. 19.—The resolution calling for an investigation of certain allegations and charges against Governor Ferguson was called up in the house at 2 p. m. Governor Ferguson and a number of state officials were on the floor. Representative Bagby, floor leader for the anti, sat next to the governor.

Mr. Obanion, the author of the resolution, stated that he had made no charges against the governor, that they had been made in the senate. He said the governor should be considered innocent until proven guilty and that all doubts of guilt should be made in his favor.

The senate resolution by Johnson was read.

Mr. Obanion said the charges should be investigated and either the governor impeached or Senator Johnson, who made the charges, removed from that body. He asked that a statement from H. C. Poe, former president of the Temple State bank, be read. The statement answered certain remarks of Governor Ferguson made in the senate hearing.

Obanion said every man in this house who claims to be a friend of Governor Ferguson and votes against this resolution brands him guilty.

Bledsoe said he had been no supporter of Governor Ferguson but he thought that the house was recognizing an "attempt to backbite by political assassins."

He said political tricksters had sought to reap the governor's downfall and called attention to an unsigned circular that had been sent to the members of the house. He asked that definite charges be formulated.

Peddy contended the legislature had the right to consider the charges and that when anyone voted against the resolution they said they were afraid to have the matter investigated.

Governor Ferguson on the stand reiterated facts brought out in the senate hearing.

The house late today by a vote of 104 to 81 tabled the O'Banion resolution.

FOR STATE TRAINING SCHOOL.

By Associated Press.

Austin, Feb. 19.—A bill was introduced in the senate today by Senator Dayton, providing for the establishment of a state training school upon the cottage plan for dependent and delinquent girls of Texas. The bill also provides a fine of not less than \$100 nor more than \$500 for any one attempting to coerce or induce any of the inmates of the institution to leave.

ROUTINE WORK ON CALENDAR.

By Associated Press.

Austin, Feb. 19.—The house and senate today devoted their time to consideration of calendar measures. Representative McFarland's bill providing for absentee voting by those who could not be at home on election day and which affects about 70,000 people was engrossed in the house. The bill proposing an extension of the state railroad, amended so as to make it optional with the prison commission and governor to locate the terminus was postponed until Tuesday morning.

Dodd's bill for examination prior to marriage for all male persons was engrossed.

The bill by Parks allowing cities the

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid acetone, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid acetone at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

privilege of governing Sunday amusements was engrossed when a vote of fifty-nine ayes and sixty-nine noes resulted on a motion to strike out the enacting clause. The vote on engrossment was sixty-two ayes and fifty-nine noes. The house recessed until 2 o'clock this afternoon.

INTER-INSURANCE EXCHANGE.

By Associated Press.

Austin, Feb. 19.—Senator Dayton today introduced in the senate a bill authorizing the formation of reciprocal or inter-insurance associations between individuals, partnerships and corporations, excepting life insurance. The bill also provides for inter-insurance exchanges and requires such exchanges to file a bond with the commissioner of insurance and banking and which must be approved by this official.

Other bills introduced were:

By Caldwell, exempting rural mail carriers from jury service; Hall, creating a criminal district court for Galveston county.

NEW BANK EXAMINERS.

By Associated Press.

Austin, Feb. 19.—The appointment of three new bank examiners to fill existing vacancies was announced today by State Commissioner of Insurance and Banking C. O. Austin. The three new examiners are:

George F. Sturgis, Hillsboro; J. H. Blocker of Dallas, and Karl H. Word, cashier of the First State Bank of Mathis, Texas. Assignment of the three examiners was not announced. They fill vacancies caused by the resignation of C. L. Exell of the El Paso district; Ira Smith of the Amarillo district, and G. E. Langford of the Brownsville district.

BILLS SIGNED.

By Associated Press.

Austin, Feb. 19.—Governor Ferguson today signed the following bills: House bill creating the Liberty independent school district; senate bill appropriating \$4,400 to pay interest on certain A. and M. college bonds; senate bill declaring what counties shall compose the sixteenth judicial district; senate bill creating the Pleasanton independent school district; senate bill validating the sale of certain state lands in the western portion of the state.

DISCUSSES EXEMPTION BILL.

By Associated Press.

Austin, Feb. 19.—When the senate met today, Senator McNealus obtained consideration of his bill exempting from taxation all forms of securities hereafter issued by cities, counties and state.

Senator Sulter thought the provisions of the bill should apply to bonds heretofore issued, but Senator McNealus explained that such a law could not be made retroactive.

Petitions continue to reach the senate asking for an investigation of the affairs of the University of Texas.

Senator Dean spoke against the McNealus bill as he had some doubt as to its constitutionality. After some further debate the bill was engrossed by a vote of fourteen to twelve. No effort was made to obtain its final passage by Senator McNealus at this time.

Senator Hudspeth introduced a bill providing for the establishment of a state normal college at Alpine. Brewster county; a bill was also introduced by Senator Bee, providing for the creation of county hospitals.

Senator Woodward presented a bill requiring the taking of agricultural statistics by the department of agriculture.

The Gibson bill amending the state banking laws was taken up and the senate recessed until 2 o'clock this afternoon with the bill pending.

Assistant Band Master Believed Suicide Monday

By Associated Press.

Brownsville, Tex., Feb. 19.—R. L. Williams, assistant band master, fourth United States infantry, died here today from a pistol wound in the head which officers believe was self-inflicted last night. Williams was a native of Gravesend, Eng. Burial will be in the national cemetery at San Antonio.

Peonage Indictments Offer Hot Legal Battle at Dallas

By Associated Press.

Dallas, Tex., Feb. 19.—Motion by Attorney W. H. Atwell for the defendants to quash the indictments for peonage against W. D. Colvin, D. F. Autrey and W. J. Hickman, opened a legal battle in the federal district court here today. A fourth man charged, C. G. Sullivan, was not included in the motion to dismiss, the basis being that the others testified before the federal grand jury. Judge E. R. Meek is hearing the arguments. It is claimed in the indictments that C. G. Sullivan, a planter, was assisted by the other three men in the capacity of officers, in holding Richard Black, Tom Powers and Janelia Johnson, negroes, in illegal restraint of their liberty because of debts alleged to be due Sullivan. The negroes left the Sullivan farm in Ellis county and went to Fort Worth, where the indictment alleges, they were arrested and returned to Sullivan.

All the defendants are of Ennis, Texas, or that section.

One Dead in Gun Battle With Clarksville Officers

By Associated Press.

Clarksville, Tex., Feb. 19.—J. L. Barnhart, 35, was killed today in a gun battle with officers who sought to arrest him for dynamiting the Texas and Pacific section house.

Barnhart sought by destroying the section house to kill his wife who was housekeeper there and from whom he had been separated three months. The building was only partly wrecked.

Officers who approached the scene found Barnhart standing in the door with a gun waiting for them. City Marshal Tom Ferguson called to him to surrender, but as Ferguson approached Barnhart fired twice at him. An exchange of bullets followed. The officer escaped four bullets in all, and felled Barnhart in two shots. He died two hours later.

AMERICAN DIES IN BERLIN.

By Associated Press.

Berlin, Via London, Feb. 19.—Prof. George S. Atwood, who had been a resident of the American colony in Berlin for many years and for the past thirteen years was secretary of the American Association of Commerce and Trade, died suddenly Sunday morning.

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and drug stores here are kept busy dispensing freezezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quarter ounce of freezezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

GUARDS RETURN FROM BORDER EXCEPT TEXAS

50,000 MEN BEING SENT HOME BY WAR DEPARTMENT AND MUSTERED OUT.

By Associated Press.

San Antonio, Tex., Feb. 19.—At the rate of approximately 5,000 men a week the 50,000 national guards now on the border will be returned to their home stations to be mustered out. Acting promptly on war department orders the southern department today designated dates for the first contingents to entrain. The 50,000 men were divided into two contingents, and each contingent into four groups.

Groups belonging to the first contingent of 25,000 men will be moved first and the following dates for entraining were announced:

North.

To Fort Sheridan, Fourth Illinois infantry, February 23; troop B, Wisconsin cavalry, February 27; to Fort Wayne, Ohio, second brigade headquarters, March 7; Second Ohio infantry, March 2; batteries A and B Michigan artillery, March 14; company A, Michigan engineers and company A, Michigan signal corps, March 14; first battalion Ohio field artillery and first battalion Ohio signal corps, March 20; Ohio ambulance company No. 2, Ohio field hospital No. 2, Ohio first battalion signal company D, engineers, Ohio ambulance company No. 1, Ohio field hospital No. 1 and No. 3, March 27.

West.

To Fort D. A. Russell, Colorado, batteries C and D, field artillery, February 25; two battalions Wyoming field artillery, February 26.

To Fort Benjamin Harrison, first Indiana infantry, March 2; battery D, Indiana field artillery, February 26; Eighth Ohio infantry, March 9; Sixth Ohio infantry, March 16; Third Ohio infantry, March 23.

South.

To District of Columbia, troop A cavalry, District of Columbia, February 24; battery A, District of Columbia field artillery, February 24; third infantry District of Columbia, February 24.

To Kentucky, Third Kentucky infantry, March 2; Kentucky field hospital company No. 1, March 2; Kentucky ambulance company No. 1, March 16; First Kentucky infantry, March 16.

To Arkansas, Second Arkansas infantry, March 2.

Orders also were issued today for the First Minnesota infantry now at Camp Wilson to entrain March 2. As had been forecast, no reference to national guardsmen of Texas and New Mexico was contained in today's orders nor were any allotted to the first contingent.

ADDITIONAL ORDERS.

By Associated Press.

Deming, N. M., Feb. 19.—Col. Edwin F. Glenn was officially advised today that the state troops in the fourth separate brigade, encamped here, of which he is commander, will be sent home as soon as transportation can be arranged. The second Arkansas infantry will proceed to Fort Logan H. Root, Little Rock, Ark.

"Papa Asked Mamma for a Kiss" Says Child—"She Wouldn't Give It"

By Associated Press.

St. Joseph, Mo., Feb. 19.—A coroner's jury here late today returned a verdict that Mrs. Dagmar Krucker had been killed at her home here yesterday, presumably by John E. Krucker, her divorced husband, who is at a hospital here today recovering from a bullet wound, self-inflicted after he had shot his former wife.

The name of Oscar D. McDaniel, former prosecuting attorney, was brought into the case at the inquest through the testimony of Mrs. Gertrude Sommer, sister-in-law of Mrs. Krucker. She denied on the stand that Mrs. Krucker secretly had married Mr. McDaniel, who recently was acquitted of the charge of having murdered his wife.

"I talked with her about it as late as yesterday," she testified. "Dagmar said, 'Honest, no, Gertrude; I am not married.'"

Eight-year-old Margaret Krucker today gave her first intelligent statement concerning the shooting. She was on a bed playing with a doll in the room in which Mrs. Krucker was killed. "Were your mother and father quarreling when your father shot her?" she was asked by Dr. John W. McGill, the father's acting physician. "Yes," she replied.

"And what did they quarrel about?" "Papa asked mamma for a kiss and she wouldn't give it to him," the little girl said simply.

Attempts will be made to question her further.

Krucker's first statement since he killed his former wife and shot

himself was made tonight. He told Louis Randolph, assistant prosecuting attorney, that he would make a full statement of facts regarding the shooting as soon as he is strong enough to talk. It was announced tonight that the bullet that caused the wound in Krucker's head did not penetrate the brain as had been thought.

Orders have been issued at the hospital not to permit any one to interview Krucker. Lawrence Bothwell, prosecuting attorney state tonight. "This order will include Oscar D. McDaniel, former attorney for Krucker," Mr. Bothwell said. "No attorney has been employed so far by Krucker. If it is established that McDaniel is Krucker's attorney in the present case he will be permitted to visit Krucker the same as any other attorney would."

McDaniel was Krucker's attorney in a civil suit in which claim for damages was made against the city and in the divorce proceedings when Mrs. Krucker was given a decree July 14 last.

Touch Down CORN MEAL

NEVER SOLD IN BULK

—The corn from which TOUCHDOWN MEAL is made comes into our house on the ear. Why? Because it is impossible to buy a machine that has sense enough to distinguish good corn from bad. Therefore, we handle every single ear by hand, selecting only corn that is free from smut, rot and disease. Thus we make sure that every GRAIN that goes into TOUCHDOWN is clean and wholesome. TOUCHDOWN is ROCK-GROUND, using the old-fashioned ROCK BURS, thus producing REAL MEAL flavor. It's different from other meal, and one trial will convince you of this. TOUCHDOWN is for sale at the following grocers: Gray & Smith, Grocery So Different, J. C. Crippen & Son, Star Grocery, Stolte Bros., Louis Stolte, J. A. Early, Dan LeBow, Turner Bros., J. M. Freeman & Sons, I. W. Friedsam, J. R. Ratliff, Younce-Adams Co., E. F. Bauman, Huggins & Denison, G. R. Campbell, R. G. Wright & Sons and W. R. Moore.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

LOOK MOTHER! IF TONGUE IS COATED GIVE "CALIFORNIA SYRUP OF FIGS."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breathless, bad stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the food, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember, good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

WHY EVERYBODY SHOULD TAKE MCCROSKEY'S TONIC FOR RHEUMATISM.

It is a kidney and blood medicine, and will counteract the uric acid and remove it from the system and purify the blood, and that is the only sure cure for rheumatism. Liniments will give momentary relief, but will not cure. If you are suffering from pain in this case, and I do not care if you have had rheumatism for years, and tried every treatment known and tried Hot Springs, Ark., for several months and it has failed, will guarantee that one dozen bottles will cure every case, unless it is where the joints are drawn out of shape; and there have been lots of cases cured with from two to six bottles. So call on your druggist and if he will not get it for you, send direct to me and I will ship any amount you want. One large bottle, \$1.00; two bottles, \$1.00. For sale by druggists everywhere.

Read this in regard to indigestion and stomach troubles:

There is a natural acid in your stomach, which is called hydrochloric acid, and when that is gone you always suffer with your stomach. Your food will not digest, and your liver will not act. By taking McCroskey's Tonic after each meal it makes your food digest and builds up your system and causes your stomach to retain the hydrochloric acid. Call on your druggist, and if he has not got it, and will not order it for you, send to me for it. Price \$1.00 per bottle. McCroskey's Tonic is made in Waco, Sold everywhere. Ask your druggist. —Adv.

SHORT ONES.

The high cost of living is affecting everybody except inmates of the poor-house.

It isn't thought that prohibition in the District of Columbia will make the Congressional Record any drier than of yore.

Those congressmen who want to prohibit election betting should act now while they have the support of the people who are sore over losing.

One of the onerous duties of the supreme court in a dry state like Kansas is to define the difference between a "boot-legger" and a "joint-ist."

Married women like to refer to themselves as slaves. But many a six-foot husband is compelled to put on an apron after supper and help his five-foot wife wash the dishes.

BEHIND IT.

WACO'S progressive citizens are solidly behind the proposition to build a line of railroad from Waco to Beaumont. The claim is freely made that no proposition in recent years has been received with more enthusiasm and determination, the augury being all that could be desired as to ultimate success.

MARRIAGE AND INCOME.

GIRL students in the domestic science department of one State University have figured it out that a married couple, to "live happily" in a "cozy little home," must have an income of \$30 a week.

Of this income, the girls say twenty per cent would be spent by them for the "higher life," while twenty-five per cent would go for food, twenty per cent for rent, twenty per cent for clothing and fifteen per cent for operating expenses.

The bogey of the "high cost of living" must have the girls of the state university in its grasp.

How many couples in Texas "live happily" in a "cozy little home" on an income of less than \$30 a week? Hundreds, yes, thousands, will answer that they do it.

It is a favorite stunt of the fellows at college—we can't vouch for the custom among the girls—to sit about the fireplace in the fraternity house or boarding club, and discuss plans for the future. Nearly all of these discussions turn eventually to marriage.

"I'll not marry until I have saved at least \$1,000 and am making a salary of \$200 a month," says Tom Jones. Others express similar views.

But what about Tom Jones? The chances are that he is married within two years after he leaves college, that he has saved nothing, or practically nothing on which to marry, and that his salary is nearer \$100 a month than it is \$200 a month.

Then, with the responsibility of home and family, Tom Jones really begins to climb upward in the world. His salary is increased as he works harder, his savings in the bank begin to swell.

Now isn't that the case with nine couples out of ten? We'll leave it to the college fellows themselves to answer. Come on, 'fess up.

And we'll wager that nine out of ten of the domestic science girls who say that \$30 a week is necessary to be a happy married life, will marry and be happy on quite a bit less than that amount when the right fellow comes along.

THE OTHER FELLOW.

BARBAROUS as the war in Europe undoubtedly is, and proof that it may be that we are still savages, nevertheless, it's worth remembering that everybody disclaims responsibility for it—this alone is a sign of real progress. What nation would have cared a hundred years ago what neighboring nations thought of its methods of warfare, so long as it got away with it?

No matter which nation wins in the present conflict, watch out how eager it will be to prove to the world that it was "just" and "righteous" thruout the conflict.

And it will go to great lengths to prove it. This has been perfectly clear from the beginning of the struggle. Both sides have been trying hard to

demonstrate to the neutrals that they did everything in their power to prevent war. In other days the aggressor was regarded as the bravest and biggest and bulkiest of all—no matter what his spirit and methods may have been.

While their deeds have rarely squared with their creeds, the warring nations have at least outwardly accepted the teaching of the blessedness of peacemaking.

NEW-YORK-DAY-BY-DAY.
BY

Special Correspondent of the Waco Morning News.

New York, Feb. 19.—In London, as you know, old dear, when one calls a lift one gets a lift and nothing more, but in America—oye oye!—one is likely to get anything from chicken pox to a regiment of soldiers. For instance, my boy, just consider what happened to Bertwin Hargreaves who is stopping at the Hotel Majestic.

Bertwin—as good a pal as you'll find—pressed one of those fearfully messed up signals that call lifts in those New York hotels, only would you believe, old card, he pressed the wrong button and the beastly affair summoned the fire ladders, with hoses and nozzles and snorting machines and everything.

While poor old Bertwin stood there screaming women and children rushed about him and terrible looking fire ladders with axes were roaring about trying to find the bally fire.

"Where is the fire?" they demanded. "Good gracious," cried poor Bertwin, "what fire? I didn't ring for any fire. I wanted a lift."

Then it was explained to Bertwin that the bell he buzzed, buzzed for the fire ladders. The lift buzzer, it seems, lies right by the fire ladder signal, which has a glass cover to keep it warm, and poor Bertwin just pushed the glass covered button. It was a terrible experience for Bertwin, old dear.

Letters from the People.

Waco, Tex., Feb. 17, 1917.

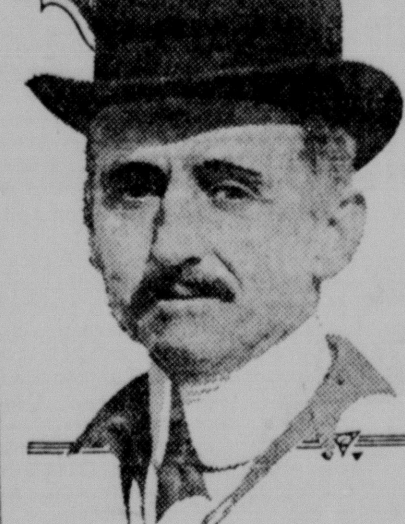

Editor Morning News:
I have been "keeping tab" on your efforts to give Waco a paper that's a real credit to the city, and I want to say that you are making plumb good.

I like the way you handle your news; so far as I am concerned you effectively cover the entire news field—European war, Mexican situation, general national, state, city and all—and you do it in a way highly gratifying to a man who hasn't the time to wade through long columns of "dope" in order to keep up with what's going on. You certainly are possessed of that splendid ability of "telling it all in a few well chosen words." I also like your editorials. That one, a few days ago, headed "Wilson Diplomacy," was fine. And I wish to express my appreciation of "Blocking a Vote" in this morning's paper.

I am, like yourself, a new comer in Waco (since last June), but I am expecting to make it my home and am therefore more interested in whatever concerns the growth and prosperity of the city. I like Waco and hope to see it go right up to where it seems to me it ought to be—a top-notch in the rank of Texas' biggest cities—and I believe that the Morning News, under its new management, will prove a most important factor in building Waco if Waco will properly appreciate its efforts.

I certainly wish you success and that you will realize fully every hope you may have of building up a great paper here.

Yours very truly,
EDGAR EDMISTON.

FARMERS STARVING.

GRAIN SORGHUMS AS FOOD.

Special to The News.
Washington, Feb. 19.—Although the protein of the grain sorghums has been shown by dietetic experiments of the office of home economics of the United States department of agriculture to be less digestible than that of corn or wheat, all of the sorghums except kaoliang furnish a fairly good source of protein and practically as good a source of carbohydrates as the two grains in most general use. The department specialists, therefore, find the grain sorghums worthy of use in all sections to give variety to the diet. In regions where other cereals are not so successfully grown, it is pointed out, the grain sorghums may contribute materially to the supply of substances suitable as human food. The conclusions in regard to these grains are set forth in department bulletin No. 479, recently published.

Tests were made with kafir, feterita, milo and kaoliang, both in the form of bread and as mush. Check tests were made also with corn and wheat as breads. All six of the grains were ground into meals of the same fineness in the same mill. In the experiments with breads, the average digestibility of the protein of the wheat was found to be 77.3 per cent; corn, 59.9; kafir, 51.2; feterita, 50.6; milo, 40, and kaoliang, 19.8. In the experiments with mushes made from meals of the four grain sorghums the digestibility of the protein was about forty-eight per cent for feterita and kafir, approximately thirty-four per cent for milo and only four per cent for kaoliang. The digestibility of the carbohydrates was high for all six grains, ranging from 95.3 to 98.6 per cent.

The results of the investigations as a whole indicate that while it is best to use some wheat flour to make up for the lack of gluten in the sorghum meal, a fairly large proportion of the meal may be satisfactorily used in admixture with wheat flour in the preparation of common foods. In preparing the grain sorghums for food it is important to make certain of the absorption of water in such quantities that the particles of meal, which are characteristically hard or flinty, may be well softened.

To many palates the grain sorghums more nearly resemble buckwheat in flavor than do corn or wheat. The flavor is quite generally regarded as agreeable, and the grains are conceded to be wholesome.

Dwarf kafir, dwarf milo and feterita will pop like popcorn, the dwarf kafir pops more completely than the other grains, however, and produces a more palatable product.

NEW EGYPTIAN COTTON.

Plant Specialists Have Bred Earlier, More Productive, and Better Fibered Type.

After fifteen years of experimentation in breeding and selection, plant specialists of the United States department of agriculture have succeeded in developing a second new variety of the valuable Egyptian cotton grown in this country. The new variety is considered to be superior in several respects to the variety now in use. Sufficient seed of the type, which is known as the Pima, has been raised to plant a relatively large area and will be used during 1917 in the Salt River valley of Arizona, the center of Egyptian cotton culture in this country. It is hoped that from this crop sufficient seed will be obtained to plant the entire cotton-growing area of the valley in 1918, if the substitution of the new variety for the one now grown is then believed to be desirable.

The variety of Egyptian cotton now being grown in the Salt River valley is the first new type developed in this country and is known as the Yuma variety. The Pima cotton produces

a longer, finer, and lighter-colored fiber than the Yuma, and for this reason should command a better price per pound in the market. Even were there no difference in the value of the fiber, however, the Pima variety should be the more profitable to produce since it is more productive and earlier, has larger bolls, and is more easily picked owing to the greater freedom of the plants from vegetative limbs.

The Pima variety originated in 1910 with a plant selected out of a field of Yuma cotton grown at the Co-operative Testing and Demonstration Garden at Sacaton, Ariz., and has been carefully tested since. It is much more uniform and truer to type than the Yuma. The Pima was given its first tests on a field scale in 1915, when 275 acres were planted. The planting in 1917 will be in a continuous area so as to avoid cross-pollination with Yuma cotton. Egyptian cotton is especially liable to cross-pollination between types, an occurrence which contaminates and is likely to ruin a good variety. The planting of the Pima cotton in a continuous area will also facilitate ginning under conditions making possible the avoidance of the mixture of Pima and Yuma seed.

Thanks to Patrons.

I wish to express my thanks to the patrons of the Queen theatre for their patronage during my proprietorship of this show house. I feel that we have both profited mutually in our dealings. The Queen theatre has been closed to be remodeled into a vaudeville and picture playhouse. This work will be finished about March 1, according to Jim Terry, who will have charge of the new theatre. Mr. Terry says the new theatre will be conducted along high grade lines, the programs of pictures and vaudeville being selected with reference to pleasing Waco people.

DE BACA SECOND
GOVERNOR OF N. M.

WAS NOMINATED WHILE IN SANITARIUM AND TOOK OATH OF OFFICE THERE.

By Associated Press.

Santa Fe, N. M., Feb. 19.—Governor De Baca, who died last Sunday, was the second governor the state has had. The first was William C. McDonald, now lieutenant governor, a position which was held under his own administration by Governor De Baca. Both were democrats. It was because of their exceptional popularity and a strong personal friendship that the situation, unique in American politics, was brought about. When nominated, Mr. De Baca soon after he had been chosen as the democratic candidate for the governorship, went to Los Angeles to a sanitarium. He was able to take only a limited part in the campaign. Although physicians warned him that he might shorten or even lose his life if he attempted to return to take the executive oath, he declared he would take the oath if he had to be carried to Santa Fe on a stretcher.

Blood transfusion brought improvement in his condition, however, and he made the trip without serious result. From the train he was taken to a sanitarium and in his room the oath was administered. He immediately relinquished control of affairs to others. After the legislature met, early this month, he took personal charge of a considerable portion of the executive duties.

Governor De Baca was born in Las Vegas, N. M., in 1864. Until he became prominent in political fields he was best known as a publicist, acting for many years as editor of an influential Spanish paper, La Vos De Publica, issued at Las Vegas.

The insidious whisperings of the campaign liar will greet your ears today. He is a snake in the grass without rattles; he gives no warning.

INDIA TEA

Works
for
Temperance

R. Burton Chadwick, Director of British Overseas Transport, has got himself into hot water. He said that to mitigate the shipping shortage the British people should stop drinking tea. Chadwick was speedily told that he did not know what he was talking about.

Tea is not a luxury in England, but a necessity, a tonic, a "pick-me-up," and a beverage only slightly more costly than water.

Tea too, many people declare, works for abstinence from stronger things.—St. Louis Globe-Democrat.

India Tea cannot be expensive: 256 cups to a lb.

YOUNGSTER WOULD BUILD A HOUSE FOR HIS MOTHER WITH \$1000, HE WRITES.

"If I had \$1000 I would build a house for my mother." This is the answer of one boy to the first of twenty questions asked in the contest being conducted by Rev. D. A. McGuire, pastor of the Clay Street Methodist church, to get expressions from boys between the ages of 13 and 16 on their every-day life.

There are seventeen questions to be answered by those who enter. The winners will be announced Wednesday, March 14 at 7:30 o'clock at the Clay Street Methodist church. Four prizes will be given the winners, a suit of clothes from Goldstein-Miguel, five dollars from the Texas Exchange National bank; \$2.50 from Fields' Famous Suits, and one dollar from W. P. Mrs. E. Rotan will spend the next few days in Marlin at the Hot Wells. Mrs. A. F. Marlow of Dallas is the guest of Mrs. John Wright and Miss Roberta Wright for the week. Mrs. Thorndyke Howe of Massachusetts.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

PAPE'S DIAPEPSIN MAKES SICK, SOUR, GASSY STOMACHS FEEL FINE.

Do some foods you eat hit back-taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Pape's Diapepsin is positive in neutralizing the acidity, so the misery won't come back very quickly. You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50c case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder due to acid fermentation.

THEATRES

"PEG O' MY HEART."

Wholesome humor, real art, both in stage setting and acting was the treat the all-too-small audience received who witnessed "Peg o' My Heart" at the Auditorium theatre last night for the show's first performance in Waco. Director Melville B. Raymond has taken the beautiful love story of J. Hartley Manners and constructed it into an excellent offering, threading love, romance and comedy in every action.

The story deals with the little Irish girl, reared in poverty and destitution, who by the will of her uncle becomes heir to a comfortable fortune, provided she improves by the instructions of her widowed aunt. In the home of her aunt and the company of her two spoiled cousins, "Peg" rebels at all the conventionalities of the aristocracy of England and here arise many humorous situations.

Dorothy Chesmond as "Peg" portrays with unusual ability the part of the little Irish girl. She is entirely natural, never affecting, never over-acting, carrying a sweet manner that wins for her the admiration of all who hear her.

Julian Eltinge in "Cousin Lucy."

"Cousin Lucy," Julian Eltinge's newest medium for the display of his interpretation of charming young women will be seen at the Auditorium theatre Thursday matinee and night.

The new musical comedy was written by Charles Klein and marked the last work of that famous dramatist. It affords Mr. Eltinge so it is said, an even greater opportunity for exhibiting his amazing genius as an impersonator, and is entirely different in story and treatment from anything he has heretofore offered. "Cousin Lucy" is described as a bewildering circus of fun and fashion enlisting the services of a large beauty chorus. There are also many musical and dancing numbers.

"Intolerance."

"Intolerance," D. W. Griffith's latest masterpiece, will be the attraction at the Auditorium Friday night and Saturday matinee and night.

Those who have been of the opinion that Griffith has reached the limit in his production of "The Birth of a Nation" simply gasp at the magnificence and splendor of "Intolerance." As one New York critic said, "The Birth of a Nation" is to "Intolerance" what the one-reeler is to the feature of today.

Through all its thrills, pathos and comedy, "Intolerance" carries a strong argument against the throttling of personal liberty, and its moral is sent

300,000,000 Marks for New German Sea Boats

By Associated Press. Copenhagen, Feb. 19.—Via London.—According to the Cologne Gazette, a copy of which has been received here, the reichstag will appropriate 300,000,000 marks for the support of ship-building, the money to be distributed among ship builders in proportion to their losses in ships during the war in seizures or otherwise. The paper says it is intended to enlarge the German mercantile fleet by 1,500,000 tons.

German Agents Charged With Conspiracy in U. S.

By Associated Press. New York, Feb. 19.—Agents for the department of justice arrested here tonight two men charged with violating the federal law against carrying on military enterprise against a foreign country. They are accused of conspiring to obtain military information in England, to be sent to this country and then forwarded to Germany.

The men gave their names as Albert A. Sander and Charles W. Wunnenberg.

Hot Fight Is Anticipated in Tonight's Paving Meet

The fate of the proposed movement to pave South Fifth street from Jackson to Speight streets will be determined by the city commission tonight when the final hearing on this matter is taken up. There will be present opponents and proponents of the plan to pave the street, and an interesting time is forecasted. Judge J. N. Gallagher, R. H. Rogers and others take the ground that the original paving petition has not the requisite number of legally qualified signers, while this view is opposed by others. Several organizations will have representatives present in an effort to get the street paved.

Texas Woman Found Dead With Bullet in Her Heart

By Associated Press. Palestine, Tex., Feb. 19.—Mrs. Henry Watts was found dead in her room here today with a pistol bullet through her heart. She had long been in ill health and it is said was growing despondent.

Mrs. Watts was the wife of Henry Watts, ex-sheriff of this county, and for the past several years special agent of the International and Great Northern railway. He is at present in West Texas for his health which has long been very poor. Mrs. Watts leaves three children.

Mexican Bitten by Snake; Lavaca Man Near Death

By Associated Press. Port Lavaca, Tex., Feb. 19.—San-tiago Cruz, 29, is near death here from being bitten by a large rattlesnake when he ran his right hand into a hole to pull out an armadillo. The rattlesnake hooked his fangs into the Mexican so firmly that when he withdrew his hand the reptile was still holding on. Physicians say Cruz's recovery is doubtful.

EXPLAIN BLOCKADE.

By Associated Press. London, Feb. 19.—The French, British and Russian legations at Athens have published a statement explaining the reasons for the continuation of the blockade, says an Exchange Telegraph dispatch from that capital. The chief reason is that the requirements of the entente ultimatum to the Greek government especially with reference to the delivery of arms have not been fulfilled completely.

home in a manner as positive as to cause the public to think.

HIPPOTRONE.

Special Matinee for Children. School children and Boy Scouts are to be entertained at a special performance of "Uncle Sam Awake." Each afternoon at 5 o'clock J. Perkins Hickville band will render a concert that is specially arranged for the youngsters.

Just what part the Boy Scouts will play in the future army of this country remains to be seen, but from the things that are taught in the training of a scout it is easily seen that it would make the discipline of army life an easy matter.

ORPHEUM.

"Kick In," the motion picture number on the program at the Orpheum theatre, is the feature number in the entertainment. The story deals with the criminal and the life and habits of both criminals and detectives.

Alexander Christensen, the czar of Ragtime, is the real drawing card for the vaudeville share of the entertainment. However, this act falls short of measuring up to the standard the management has been setting in the past. The Royal ragtime player really is an artist at the piano and could he train his voice a little better he could read and hold the attention of the audience. His act needs diversification, however, as no one can entertain a house full of people by playing the piano for twenty-five minutes, reading three pieces.

The Garrisons in a "Refined Scenic Novelty" have the stage setting to make their act a success.

Three Flying Lamars, in the acrobatic act on the program, are good at their acts.

Los Expanozos in "Moments of Madrid" proves to be a really entertaining act. The novelty, the gorgeous costumes and the graceful dancing make the act of real amusing value.

PECAN GROVE

Pecan Grove, Feb. 19.—Pecan Grove school celebrated national song week last week. Each day some special feature of the work was observed. Monday the history of patriotic and old familiar songs was studied and recited by the pupils. Tuesday, the pupils studied the words of familiar folk and patriotic songs. The rest of this week was spent in singing the songs so that pupils will be ready to take part in the community singing which will be held at the school house Friday night.

Among those who helped in the celebration of national song week here are Mr. Edmanson and Misses Bertis Penn, Clara and Flora Cleese; John Terrell, Will Surratt, Wright Caves, James Miller, Mose January and others. A program of character and costume songs has been prepared.

DEATH AT BRYAN.

Bryan, Tex., Feb. 19.—News was received in this city last night of the death of Major A. G. Jenkins, aged 46, of the United States coast artillery at his home in New York city yesterday. Major Jenkins is survived by two brothers here, E. J. Jenkins and Chief C. E. Jenkins of the Bryan fire department. He will be buried in New York city.

The board will select a location for the bank tomorrow. The bank will be opened and start doing business within the next three days, it was announced.

Britain Treats Norway Better on Export Coal

By Associated Press. London, Feb. 19.—A dispatch to Reuters' telegram company from Christiana says the special restrictions imposed by Great Britain on the export of coal to Norway have been withdrawn, while Norway has stopped licenses for the export of pyrites to Germany.

The latter question, which is the main point of difference between the two governments, will be referred to two eminent lawyers, and should Norway's contention be upheld licenses again will be granted.

OUT OF EARTH IS TAKEN NEW LIQUID

ONE OF THE MARVELS OF AMERICA IS VITALITAS MINE BEING WORKED IN TEXAS.

The mining of crude Vitalitas is becoming an important industry at an isolated spot in the coast country of Texas, an industry that will prove of value to the entire world. Nowhere else on the earth has a substance been found like this crude Vitalitas. From the mine it is shipped to the laboratory, where the chemical forces and properties are extracted in condensed liquid form.

Vitalitas has been widely studied and analyzed and is proclaimed Nature's greatest gift to mankind. It has proven a beacon light to sufferers everywhere. Many of the most obstinate diseases that ordinary medicines do not cure are swept away by its use. Its tonic, corrective and system cleansing effects are marvelous. Vitalitas is particularly recommended for chronic indigestion, rheumatism, nervous debility, liver and kidney ills. For sale by Powers-Kelly Drug Co. and all druggists.

HALL IS WINNER IN CONTEST AT BAYLOR

TAKES FIRST PLACE IN CONTEST AT UNIVERSITY LAST EVENING.

Lemuel Hall won the preliminary oratorical contest held at Carroll Chapel last night, and will represent Baylor at the state oratorical contest in the near future. Hall won first six places, three on manuscript and three on delivery.

In the contest R. G. Janson won second and Wiley Seale won third places. Hall had for his subject, "Victory Inevitable." "Evils of War" was the subject of Wiley Seale, and "Family of Nations" was the subject of R. G. Janson.

The judges in the last night contest were: For manuscript, Dr. E. W. Mabie, E. Rotan and J. B. McNamara; for delivery, L. E. McLarty, John A. Erhard and Prof. T. J. Montgomery.

Lemuel Hall Receives First Place in Contest

Manuscripts for the prohibition oratorical contest which will be held at Carroll Chapel, Baylor university, on Monday night, have been graded and first three places according to contents of manuscript chosen. Lemuel Hall won first place, receiving a grade of 98 from two of the judges and 90 from the third. The judges were T. Edgar Johnson, William Earle and R. L. Henderson.

Richards Prepares Report on Need of Equipment

A complete report is to be made by Fire Commissioner Ben Richards to the city commission, regarding the need in Waco of several additional fire stations. This report will be comprehensive and probably will make recommendations as to the style of the buildings, character of equipment, etc. Data is being compiled by Commissioner Richards at the present time. As quickly as possible the department is to have motor-driven apparatus throughout.

Waco Switching Rates to Be Heard March 15

Notification of a hearing on Waco switching rates has been received by Manager H. D. Driscoll of the traffic department of the Waco Chamber of Commerce, this hearing to be held in Waco March 15 by Examiner Flynn of the interstate commerce commission, Washington, D. C. Protest against the leaving out of the city limits of White Rock, where the Potts-Moore Gravel company is located, was made by Mr. Driscoll, and the hearing will be chiefly on this omission.

WOMEN TOO AMBITIOUS

Excessive ambition leads all sorts of women to exert themselves beyond their strength. The girl striving for honors in school, the busy housewife, the shop-girl, the society climber or leader, all overtax their natural powers of endurance. Then come nervous troubles, backaches, headaches, frequently organic troubles, which reduce them almost to despair.

Women suffering thus should first recognize the necessity of putting on the brakes and slowing down. Besides this, to remedy the mischief already done to their health, the best reliance is upon that famous and standard medicine for women's ailments, Lydia E. Pinkham's Vegetable Compound.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really efficacious.

Sufferers who could scarcely hear have had their hearing restored by this English treatment so well to consider the method employed by the English to combat this insidious disease. Everyone knows how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really efficacious.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

From your druggist obtain 1 oz. of Parmit (Double Strength), about 75c worth. Take this home and add to it 4 pint of water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrh in any form should give this recipe a trial.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting. Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

The Folly of Taking Digestive Pills

A Warning to Dyspeptics. The habit of taking digestive pills after meals makes chronic dyspepsia of many thousands of men and women because artificial digestives, drugs and medicines have practically no influence upon the excessively acid condition of the stomach contents which is the cause of most forms of indigestion and dyspepsia. The after dinner pill merely lessens the sensitiveness of the stomach nerves and thus gives a false sense of freedom from pain. If those who are subject to indigestion, gas, flatulence, belching, bloating, heartburn, etc., after eating would get about an ounce of pure bisulphated magnesia from their druggist and take a teaspoonful in a little water after meals, there would be no further necessity for drugs or medicines, because bisulphated magnesia instantly neutralizes stomach acidity, stops food fermentation and thus insures normal, painless digestion by enabling the stomach to do its work without hindrance.

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and breaks the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is

FARMER GAINS 14 POUNDS IN 30 DAYS BY TAKING TANLAC

SUFFERED FOR FIFTEEN YEARS AND GOT SO WEAK HE COULD HARDLY WALK—SAYS HE NOW FEELS ABLE TO PLOW AND DO ANY OTHER KIND OF WORK.

"I have been taking Tanlac about thirty days now and I don't only feel like I have been made into a new man, but I have actually gained fourteen pounds in weight besides," said J. H. Hickson, a well known farmer of South Bosque, Texas, while in the Old Corner Drug Store, Waco, a few days ago.

"For fifteen long years," continued Mr. Hickson, "I suffered from stomach trouble and rheumatism and none of the many different kinds of treatment and medicines I took seemed to do me any good. I had a fairly good appetite, but what I would eat didn't digest and seemed to do me no good. I kept losing weight and getting weaker, the rheumatism kept getting worse, too, and finally I got in such a bad fix I could hardly walk or do any of my farm work at all. The rheumatism affected me all over and the pains in my shoulders, back and limbs were terrible. I suffered so I could hardly sleep at night and was so dizzy at times I could hardly stand up. I was so nervous and unstrung and in so much misery I just felt sometimes like life was hardly worth living.

"I almost despaired of getting well because I had tried so many things and none of them seemed to reach my case. But when I read in the papers about the wonderful results people around me here in Texas were getting from Tanlac somehow I felt like it might help me, too. Well, I just want to say it went right to the spot and worked on my stomach in a way that made my food digest and I have been picking up in weight and getting stronger ever since I took my first few doses. My rheumatic pains are most entirely gone, I sleep like a log every night and get up in the mornings feeling like work. I certainly am proud of my fourteen pounds' gain in weight, but the best of all is I'm a well man after suffering for fifteen years and I think it is remarkable what three bottles of Tanlac have done for me. I feel in shape now to follow the plow and do my farm work without any trouble. This Tanlac is simply fine and I want all my friends to know about it."

The stomach regulates the condition of the blood and is the fountain-head of health or disease, as the case may be. Tanlac is intended primarily for the regulation of the stomach and the correction of catarrhal inflammation, but it is no uncommon thing for people who have used it to find that it has relieved them not only of indigestion, but also of rheumatism, kidney complaints and many other ailments not generally recognized as having their origin in stomach trouble.

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of the special Tanlac representative.—Advertisement.

Father of Waco Woman Is Buried at Bastrop

Capt. B. D. Orgain of Bastrop was buried Sunday afternoon in the Bastrop cemetery, having died the day previous. He was the father of Mrs. T. L. McCullough of Waco and several other children.

Captain Orgain was one of the most prominent citizens of Bastrop county, a resident for forty-two years. He came to Texas from Paris, Tenn. He was 73 years old. Captain Orgain is survived by his widow and other than Mrs. McCullough here, and three sons, Clint Orgain of Marfa, Will Orgain of Beaumont and Elbert Orgain of Bastrop.

METHODISTS TO BANQUET TEAMS

WOULD SHOW APPRECIATION TO THOSE WHO AIDED IN ORPHAN-AGE FUND CAMPAIGN.

As an evidence of appreciation of services rendered, a banquet will be given by the authorities of the Methodist orphanage on the night of February 22 to the five teams of ten men each of the Y. M. B. L. which canvassed the city and raised \$20,000 for the new buildings at the orphanage. The new building, which has been completed, and which will be known as Pauline Vaughan Hall, will be formally opened at the time the teams are banqueted, and in this building will be located the dining hall, domestic science, manager's offices and older girls' dormitories.

Several members of the orphanage board will be present at the banquet, including the following: President G. G. Johnson, San Marcos; Rev. E. Hightower, Georgetown, treasurer; Dr. J. W. Torbett, Marlin; Ed McCullough, Waco.

The Baylor band will render several selections during the banquet. Dr. F. P. Culver will be master of ceremonies. The five committees which raised the \$20,000 several weeks ago were headed by Chairman John F. Wright. Included in the program will be the following: Twenty-minute concert by Baylor band; "Greetings," by R. E. Burroughs; "Why We Are Here," by G. W. Barcus; "What the Orphanage Means to Waco," by G. B. Johnson; "Toast to the Orphanage Family," by Dr. J. W. Torbett; "The Appreciation of the Orphans for the Splendid Service of the Y. M. B. L.," by E. Hightower and the response by R. J. Potts.

U. S. Tire Co. Shipments Are Arriving in Waco

Shipments have commenced arriving for the United States Tire company, and yesterday headquarters at the Praterian building, Sixth and Franklin streets, presented a busy scene. Two carloads of tires yesterday had been placed in the building, with more to come, and with other accessories of autos to be shipped. General Manager S. H. Williford was in Dallas yesterday. The big new firm is rapidly getting ready for opening business.

Y. M. B. L. TEAMS ARE SUCCESSFUL IN CAMPAIGNS

TEAMS YESTERDAY REPORT AVERAGE OF \$200 EACH FOR CONVENTION FUND.

Expressions from team captains last night indicated that the first days' efforts of the Young Men's Business League to raise \$5,000 for the entertainment of conventions during the next six months had come up to the hopes of the campaign committee. Totals were not tabulated but the returns reported that the teams had averaged around \$200 each. It will be necessary for the teams to average a total of \$500 to achieve the goal.

The team workers will assemble today at luncheon at 12:15 in the Y. M. B. L. hall for the second day's canvass. More workers will be in the campaign today than assisted yesterday.

Thirty team workers were present for the opening lunch yesterday when the plans of the campaign were outlined and the territories for the twelve committees were drawn. General Chairman John Wyche expressed the opinion that two or three days of consistent solicitation would secure the necessary amount. Others who spoke briefly on the campaign were President Robert E. Dupree, E. A. Miller, John T. Bonner, Perry A. Duncan, J. J. Hutchison, Frank J. Trau, W. V. Crawford, W. T. Wheeler, R. E. L. Montgomery, A. D. Adams, John F. Wright, E. A. White.

Members of the Y. M. B. L. Woodmen of the World and Knights of Pythias who will be in a position to assist in the campaign today, are invited by Chairman Wyche to be present at today's lunch. Volunteers will be assigned to the existing teams. The decision will also be reached at the luncheon on the removing of territorial restrictions in canvassing for funds.

Will Fix Date for Waco of State Fire Meeting

When the executive committee of the Chief of Police and City Marshals' association meets again the date of the state convention of that body, to be held in Waco, will be fixed. The committee was to have met last week in Austin, but on account of sickness did not gather. Chief Guy McNamara of Waco thinks there probably will be a meeting soon, and then it will be known when the officers will convene in Waco.

All Money on New Stock Paid in, Says W. D. Lacy

"Every dollar due on stock in the new Williams Dry Goods company has been paid in, and I never saw any subscriptions paid as gladly—the whole amount was collected in two days," said W. D. Lacy yesterday. The new wholesale dry goods company is capitalized at \$300,000, with H. L. Williams as president, and a charter was secured today.

Getting Acquainted With Waco Here's Something You Didn't Know

PRIVATIONS incident to war have not tended to disappoint the "sweet tooth" of lovers of candy in Texas, according to Manager C. J. Clanton of the Shear company candy plant, and orders for candy have been heavier than ever, since the war began.

Incidentally it might be mentioned that the claim is made that the candy business is one of the biggest lines of manufacture and sale in the United States, approaching even the Standard Oil in the magnitude of transactions.

Manager Clanton said yesterday that orders for candy have been growing larger instead of diminishing, and that the business increased forty per cent last year, the chief demand being for higher grade candies. Nearly a carload of chocolate, to be used in making this variety of candy, now is on the way from San Francisco, coming out of Ceylon, India, and the price of chocolate, said Mr. Clanton, has almost doubled since the war began.

Contractor Starts Work on New Sanger Building

Contractor H. Gross began work yesterday on the new building which is to be erected for Sanger Brothers at the northeast corner of Austin and Fourth streets. A great deal of wrecking to be done before the actual construction of the new building is started, and all this will be so carried on as that there will be practically no interruption to business. The great new building for Sanger Brothers will be three stories and basement and will cost approximately \$150,000.

BURIED AT OAKWOOD.

Auto Turns Turtle; Boy Is Only Bruised

Tommy Martin came near meeting death at 6 o'clock yesterday morning six miles below Waco, near the Connor farm.

Tommy, who works for I. W. Friedman of Waco, was in an auto at the time of the accident. A tire blow-out caused the auto to turn turtle, pinning the boy beneath the machine. He received only minor bruises. He lives at 1720 South Ninth street.

NATIONAL BALL PLAYERS IN START ON APRIL 11TH

CLOSING DATE OCTOBER 4, WITH THE USUAL 154-GAME CARD.

By Associated Press.
New York, Feb. 19.—The National league season will open on April 11 and close October 4, according to the official schedule which was made public by John K. Tener, president of the league, here today. It calls for the usual 154 games with three trips around the circuit by each club and in other respects complements the American league schedule announced from Chicago last night.

The card for the opening day follows:
New York at Boston.
Philadelphia at Brooklyn.
St. Louis at Cincinnati.
Pittsburgh at Chicago.

Cincinnati drew the greatest number of Sunday games—sixteen, while Barney Dreyfus drew the most Saturday games for his Pittsburgh club. He was awarded fifteen. In addition to the Saturday bills, Dreyfus also was given three holidays, Decoration Day, Independence Day and Labor Day.

Chicago was second best in the disposition of Sunday dates with fourteen while St. Louis was given twelve. The greater number of Sunday games allotted to the three cities differs from that of the American league, because only three cities in the National circuit permit baseball on the Sabbath, while in the younger league, baseball is allowed in four.

Brooklyn and Philadelphia each drew thirteen Saturdays while Boston, New York, Cincinnati and Chicago have twelve each. St. Louis was awarded the fewest Saturday games—eleven.

To balance the "Bunker Hill Day" program awarded to the Boston Americans, the National league has given the Boston Braves a double bill on "Patriots' Day," April 19, with Philadelphia as its opponent. "Patriots' Day" is the anniversary of the Battle of Lexington.

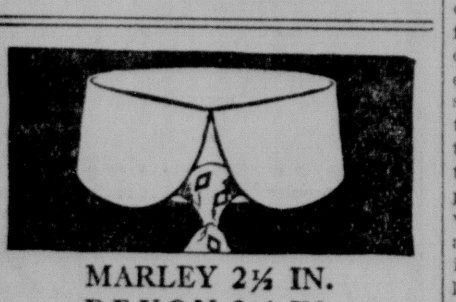

The Decoration Day games will be played as follows:

Brooklyn at Boston.
Philadelphia at New York.
Chicago at Pittsburgh.
St. Louis at Cincinnati.
Brooklyn, New York, Pittsburgh and St. Louis have Labor Day games scheduled with Philadelphia, Boston, Cincinnati and Chicago, respectively. Independence Day, the schedule will be as follows:

New York at Brooklyn.
Boston at Philadelphia.
St. Louis at Pittsburgh.
Cincinnati at Chicago.
Three conflicts are on the schedule, and all are at Chicago. They are with the following clubs on the following dates: Pittsburgh, June 24 and September 9, and with St. Louis, September 18.

VOLLEYBALL GAMES.

The second of a series of volleyball games between the gymnasium boys of the second and third floor of the Young Men's Christian association will be played tomorrow night.

Three games were won by the D. C. V. bowling team last night in the city league from the Knights of Columbus. Scores were as follows:

JACK FOX AND "PET" BROWN TO MEET SOON

Waco fans of the manly sport of wrestling are to be given a real treat on next Tuesday night when Pet Brown meets Jack Fox in their first clash. Jack Fox was seen in action here some time ago, when he met the Masked Marvel and defeated him in two straight falls. He has also met and defeated two other grapplers who have appeared before the Waco fans, Jack Ross and Alexander Vasules. Ever since his appearance here Waco fans have desired to witness a match between this man and Pet Brown.

"Y" MIDGET TEAM WORK HARD FOR FRIDAY'S CONTEST

Every night this week up to Friday will find the strong Midget basketball team working and practicing, either at scrimmage or at goal shooting and hard passing. Last night Physical Director Hunter put them up against one of the strongest teams in the association and when the night was over the boys were aware of a good workout.

Captain Prinzing is optimistic, and expects to take a fall out of the boys from Granger, even though his team did lose to them while on a trip in the early part of the season. The main reason for this one and only defeat of the season was in the first place due to playing on an out-door court, and the second reason was due to the early part of the season, before the Midgets were in good condition, he says. At any rate, the game will be worth seeing, and all fans are sure of a good lively game next Friday night.

D. C. V. Bowling Team Is Winner from K. of C.

Three games were won by the D. C. V. bowling team last night in the city league from the Knights of Columbus. Scores were as follows:

American association fans may look forward to some scrappy battles when Toledo and Columbus meet on the ball field next season. Rober Bresnahan, Toledo manager, and Joe Tinker, who will pilot the Columbus club next summer, are said to be bitter enemies and when their teams meet on the ball field it seems very probable that there will be some scrappy encounters.

The Tinker and Bresnahan quarrel had its origin when Weeghman bought the Chicago Cubs. Before the purchase was made Rober Bresnahan had an iron-clad contract to manage the Cubs. And then Weeghman decided to turn the job over to Joe Tinker who had been his leader in the Chicago Fed venture. Bresnahan was more or less justly enraged at this and has ever since held a grudge against Joe Tinker for accepting the post.

Joe Tinker hopes to do the best he can in his first American association season, but it looks like he will have to make the most of a rather indifferent selection of talent. At last accounts Joe had few on the payroll who could be regarded as very high class performers. Bresnahan, on the other hand, is preparing for a strenuous season and if Ed Sweeney and Ray Keating report as promised he will have a strong line-up. Moreover Roger plans to do quite a bit of catching himself and has started early training with the punching bag. He means to get down his weight and be in shape to lead the team through a lively season. It looks like he is going to have his chance to even scores with Tinker.

Meeting at Marlin to Organize Baseball Club

Special to The News.
Marlin, Feb. 19.—With the reorganization of the baseball club as their motive, a meeting has been called by the directors of the 1916 club to be held at the Commercial Club rooms Tuesday evening and all citizens interested in having the Central Texas league pennant brought into the camps of the hot water laid have been urged to be present.

Officers for the 1917 club will be elected at this meeting and other matters will be brought before those present to be placed in shape for presentation before a meeting of the directors of the Central Texas league which is slated to be held in the near future by a representative to be sent from Marlin.

Leo Allen, president of the 1916 club, states that he holds on the reserve list the following players: Pitchers Andrews, Chellette, Phillips and Taylor; Catchers McManus and J. Lewis; Infielders Le Blanc, Comstock and Countryman; Outfielders Simmond and Carey.

CHICAGO NATIONALS COME TO TERMS WITH WEEGHMAN

SIGN 1917 CONTRACTS AND ARE ALL READY TO PLAY BALL.

By Associated Press.
Chicago, Feb. 19.—Eight members of the Chicago Nationals who had declined to sign 1917 contracts because of the Baseball Players' Fraternity and unsatisfactory salaries offered them, came to terms with President Weeghman today.

Practically every member of the club with the exception of Catcher Archer, is signed, Weeghman said. Among the first to sign today were First Baseman Vic Saler, Pitcher Al Demaree, Outfielders Mann and Flack, and Infielder Zeider.

MARKET NEWS AND REPORTS

COTTON MARKET NOT SO ACTIVE: GOOD ADVANCE

EARLY TRADING DULL—IMPROVEMENT CAME THROUGH SLIGHT OFFERINGS YESTERDAY.

New York, Feb. 19.—The cotton market was not active during today's early trading, but offerings were very light and there was a sharp advance in prices. The opening was steady at an advance of 3 to 16 points in response to the firm cables and active months sold 25 to 29 points net higher shortly after the call, with May touching 16.27 or 48 points above the low level of last Friday. The more optimistic view of ocean shipping and political prospects was again in evidence around the ring, while the advance was encouraged by bullish southern spot advices. Some of last week's sellers were said to be covering on the advance. Otherwise, demand was limited and prices reacted 5 or 6 points under realizing to close the end of the first hour.

After selling up to 16.34 for May or about 30 to 32 points net higher, the general list, demand tapered off and the market showed reactions of 6 or 8 points from the best around 2 o'clock. Closed steady.

New Orleans.
New Orleans, Feb. 19.—A continued good demand for spots, complaints and the lack of moisture in Texas and of too much moisture in the eastern belt, cotton export movement of 22,737 bales from all United States ports, compared to receipts of only 19,937 bales, gave the local cotton market a strong tone today in the face of holiday dullness and caused a rise, at the highest levels, of 38 to 42 points or over 2 1/2 a bale on the strongest months.

The market was dull from start to finish, but was as strong as it was dull. The market was active, however, in the face of holiday dullness and caused a rise, at the highest levels, of 38 to 42 points or over 2 1/2 a bale on the strongest months.

American Bowlers in Big Michigan Meet

By Associated Press.
Chicago, Feb. 19.—A total of 715 five-men teams have entered in the seventeenth annual tournament of the American Bowling congress which opens at Grand Rapids, Mich., March 3 and will continue for twenty-four days, according to announcement made by Abe Langtry, secretary of the congress.

The 1917 regatta of the Central States Rowing association was awarded to the Lincoln Park Boat club of Chicago at a meeting at St. Louis yesterday. It will be held July 20 and 21.

R. Wagner and A. Karbent of Chicago, yesterday moved into first place in the two-men event in the international bowling tournament at St. Paul, with 1,234. J. N. Deller, Duluth, Minn., heads the singles with a score of 705, which officials said was the highest in individual in three game score ever rolled in a similar meet. The five men event closed last night with the Fiat team, Minneapolis winning with 2,822.

It was reported from Terre Haute, Ind., that Arthur Neff, pitcher with the Boston Nationals has refused to sign his contract, containing a material cut in salary and will retire from baseball. Paul Strand, pitcher with the Toledo American association team has been released to the Memphis club of the Southern association.

F. Robshaw and O. Nitschke of Cleveland, bowling in the Ohio State Bowling association tournament at Toledo, rolled 1,341 in the two men event. The score breaks the A. B. C. record of 1,304 held by Schwoegler brothers of Madison, Wis.

SOME MORE CONTRACTS.

By Associated Press.
Boston, Feb. 19.—The signed contracts of Edward Reubach, pitcher, and J. Carlisle Smith, third baseman, were received today by the Boston National league club. Olaf Henriksen, outfielder, has sent his signed contract to the Boston Americans.

BULLS TAKE COURAGE, ALSO, THROUGH IMPROVEMENT IN RAILWAY TRAFFIC.

Chicago, Feb. 19.—Improved shipping conditions gave much firmness today to the wheat market and, too, the material increase of the number of unfavorable crop reports from the domestic winter wheat. Prices closed strong, 1/2 to 2/3c higher, with May at \$1.50 1/2 to 1/3c and July at \$1.50 1/4 to 1/2c. Corn gained 1/4c to 1/2c, oats 1/4c to 1/2c and provisions 2/4c to 2/3c. Bulls in wheat took courage through the day, both from the improvement of railway traffic and from the prospective ending of at least a large share of the tie-up of neutral vessels on the Atlantic. Discouraging crop advices were based chiefly on ill-effects of absence of snow protection during cold weather in Ohio, Indiana and Central Illinois and on the results of lack of moisture in Kansas, Oklahoma and Missouri. In some quarters prediction of a sensational crop scare within a few weeks were current. In the corn market, the strength of wheat was the dominating factor. Oats rose in response to seaboard buying.

Provision values hardened chiefly because of the lightness of stocks of land.

TEXAS AGGIES LOSE TO RICE INSTITUTE

PISTOL USED TO CALL TIME FAILS TO WORK—PROTEST STORM FOLLOWS.

Special to The News.
College Station, Feb. 19.—In a game which ended in a storm of protest Rice was given the decision over A. & M. tonight, the score being 25 to 24. Time-keeper Zebler snapped his gun twice before the play which gave Rice the lead. The gun failed to fire.

Brookman of Rice said he could not say whether time was up before the play began. Rix ruled that the game did not end until the pistol was fired. Giffman did not start. A. & M. had a lead of seven points until Thornton and Griesbeck were retired for four personal fouls, which were called free.

W. J. Geisler, captain; W. J. Mitchell, F. E. Watwood, L. M. Cayazaux.
Billie Hammond, captain; Dr. W. B. Georgia, A. B. Ullrich, Inman Roberts, J. P. Everett.

T. M. Sappington, captain; Eaton Williams, Elmer Wheatley, Joe Matthews, W. Lee Gilliam.
J. J. South, captain; J. J. Twaddell, O. M. Gould, M. B. Davis, H. J. Stricker.

Roy Christian, captain; T. A. Landring, C. R. Mitchell, H. C. Lampkin, Tom Chapoton.

E. A. White, captain; L. W. Barrett, W. E. Thrash, Joe Kemendo, M. A. Glenn.

Teams to Meet.

The captains and teams will meet at the Waco Trunk factory Wednesday morning at 9 o'clock for the ticket-selling campaign. While the round-up is under the auspices of the Waco Adleaguers' League, the affair is open to the public, and especially the ladies who are interested in the subjects to be discussed along general extension of Waco's trade territory and the strengthening of the ties of friendship in commerce between Waco and her neighbors.

Round-up Committees.

The following committee has been named on the program and menu for the round-up: C. K. Chambers, E. A. White, W. S. S. Johnson.
Appropriate decorations, carrying out advertising ideas, will predominate at the round-up and to complete all arrangements for this unique feature the following committee has been named: W. J. Mitchell, J. J. Twaddell, W. J. Geisler.

General Chairman R. E. Fellow announced at last night's session of the arrangements committee that the banquet would be shown the possibility of Waco and Waco's trade territory products being used in menus and banquets. Turkey, pecans, peanuts, Central Texas truck garden products, Waco-made pickles and the like will be given the right of way.

Confesses to Entering Wisnig Store February 5

Charles B. Williams, aged 18 years, at his examining trial yesterday in Justice Giles P. Lester's court, confessed to entering the Wisnig store on Franklin street on the night of February 5. His bond was fixed at \$500.

In his confession Williams stated he gained entrance to the store by climbing through the skylight about 9 p. m. He said he took two suits of clothes, two dozen neckties, five bolts, fifteen dollars in gold and one dollar's worth of stamps.

East Waco Boy Brings Home the Bacon the First Day

Albert Orr, of 423 Dallas street, East Waco, wanted a baseball mitt. In fact, he asked his mother Saturday if he could get one. In Monday's Morning News he read Uncle Samuel Thrift's offer to the boys and girls of Waco in which they could go to a little trouble—work a few minutes—and buy his own baseball outfit. Albert is thrifter. Today he gets his dollar baseball mitt from Dorsett's store and his mother didn't pay for it—Albert earned it selling thrift certificates.

Every boy and girl should be taught how to make money—be self supporting. Selling thrift certificates is the best way to start a boy out because he has something good to sell. He can believe in the product that he sells because it's worth the price and more, it saves the purchaser from one dollar to \$24.45, the work is honest and it is not hard.

Mothers, how about your boy and girl. The time is going to come when they will have to bring home the bacon. Are they being trained to bring it in, or will they have to learn how after they reach manhood and womanhood? Better let the kids come down to 302 Amicable building and get in touch with Uncle Samuel Thrift.

Sign up a coupon and send or bring it to thrift headquarters.

Then, to the boy or girl who sells \$2 worth of thrift certificates, Uncle Sam will give him or her any \$1 article in any of the stores belonging to the club. For instance, its spring time—baseball time. A boy wants a ball, bat and mask—it costs say \$2. All right, sell four dollars worth of thrift certificates and the \$2 outfit is yours. Or for instance the girl wants a new dress. It costs at Graham-Jarrell's \$5. All right, sell \$10 worth of thrift certificates and the dress is yours—paid for and will be delivered. Some plan, isn't it? Say mother's boy wants to help the family budget along. All right, the grocery bill is \$25 per month. All right, get out evenings after school and sell \$50 worth of thrift certificates and Uncle Sam will pay the grocery bill.

Negro Arrested Monday Will Face Murder Charge

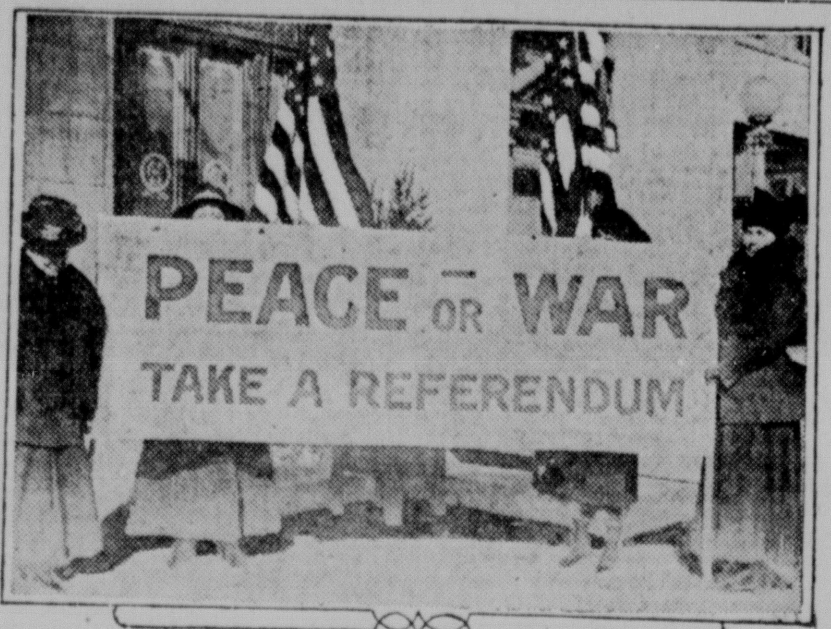

John Sargent, negro, was arrested yesterday morning at Ben Arnold and brought to Waco by Deputy Sheriff Joe Roberts, where a charge of murder was placed against him in Justice T. Edgar Johnson's court. He is supposed to be the negro that killed Swan Robertson with a knife near the Union depot Saturday night.

Robertson was with Sargent's wife at the time he was killed.

REFUSES TO PLEAD GUILTY.

Jessie Alford, negro, was charged in the county court yesterday with theft of four chickens from Winnie Tinkard, negro. Jessie refused to plead guilty yesterday before Assistant County Attorney John Atkinson, saying that he had not bothered Winnie's hen coop.

FORTY-ONE JOIN S. S. INSTITUTE

GOOD ATTENDANCE AT OPENING OF MEETING AT CENTRAL CHRISTIAN CHURCH.

Forty-one persons joined the Sunday school institute which opened yesterday afternoon at the Central Christian church. Speakers for the opening session were S. W. Hutton, southwestern superintendent of Bible work for the Christian church; Miss Cynthia Pearl Maus and Miss R. Lewis of Cincinnati and Clifford Weaver of Fort Worth.

The institute will convene from 4 to 6 and 7 to 9 p. m. every day until Friday night, when it will be brought to a close with the graduating exercises.

ISSUE PAMPHLETS ON ROSE GROWTH

WILL BE CIRCULATED TO PROMOTE INTEREST IN ROSE DAY HERE FEBRUARY 22.

Five hundred pamphlets on "How to Grow Roses in Texas" are being circulated to promote interest in Waco's "rose-planting day," February 22, Geo. Washington's birthday. The pamphlets were printed by Goldstein-Miguel. "Probably no other city of its size has more beautiful yards and flower gardens than Waco," the pamphlet states. "And it is for the purpose of still encouraging the planting of lovely flowers that this folder is presented."

Maybe It's Here

Local News of Waco Briefed—Taken from the City's Activities of Yesterday.

INQUIRY made yesterday revealed the fact that Waco is singularly free from freight congestion, and that there are now enough cars to move local freights and outbound jobbing trade with promptness.

It was stated by freight departments of the railroads that there has been little trouble recently, and that since cotton has been moved the situation here has been greatly clarified. Some congestion beyond and east of the Illinois and Indiana state lines was mentioned, but this has little or no bearing directly on the situation here. Railroads in this section feel that they are in a position to handle all business which will show up for several months and do so promptly.

Hundreds of persons in Waco have commenced gardening, and not only are residence lots being utilized, but vacant lots are being pressed into service. The Welfare league's vacant lot plan has worked well, under direction of Mrs. N. B. Kent.

The "see-every-member" campaign of the Austin Avenue Methodist church for the purpose of raising the annual budget on conference collections will be made next Sunday afternoon, 2 o'clock, under direction of the missionary committee, of which Dr. C. P. Schenck is chairman, and of the board of stewards. The missionary committee has chosen the second Wednesday night in each month for regular meetings. The meetings are held immediately after prayer meeting.

Sportsmen of Waco will have to forego the spring duck shooting program which used to be in vogue. The federal government recently has inhibited the shooting of ducks while on their northward journey from the gulf states.

Only a brief session of directors of the Y. M. B. L. will be held tonight, as the directors will attend in a body the meeting of city commissioners and seek to aid in the movement to have South Fifth street paved.

That the road from Waco to West is infinitely better than the one from West to Whitney was the statement made yesterday by Col. W. M. Manchester, who made an auto trip to Whitney with his wife, to visit friends, Sunday.

PYTHIANS SAY 2000 TO ATTEND GRAND LODGE

FIFTY-THIRD ANNIVERSARY OF LODGE OBSERVED AT MEETING LAST NIGHT.

"Two thousand persons will be visitors in Waco when the Knights of Pythias grand lodge annual meeting is held in Waco in May," said J. F. Bailey in his address given last night at the fifty-third anniversary of the founding of the order and the fortieth anniversary of the founding of the insurance department.

H. C. Dyer was toastmaster for the occasion and gave the opening talk. He was followed by the following addresses:

"Dramatic Order of Khorasan," W. S. Lemly of Temple.

"Accomplishment and History of the Order of Knights of Pythias," Frank B. Tiley.

"Pythian Widows and Orphans," John T. Bonner.

"Practice of Fraternity," Pat M. Neff.

Refreshments were served, after which a wrestling match was given.

Well-Known Residents Speak

Many are the letters received by Dr. Pierce, of Buffalo, N. Y., from his patients. Here is one from Mr. P. C. Smith, 1716 W. 3rd St., Texarkana, Texas, who says: "I find the 'Pleasant Pellets' the best remedy I have ever tried."

"All of Dr. Pierce's remedies are good if directions are followed implicitly."

Pleasant Pellets are made up of the May-apple, also leaves and jalap. This well known pellet was made up nearly fifty years ago, by Dr. Pierce, and can be obtained from almost any apothecary—simply ask for Dr. Pierce's Pleasant Pellets.

If not obtainable at your dealers, send 25 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will supply you by mail.

Mr. W. M. Powell of 116 Oleander St., San Antonio, Texas, says: "I have used Dr. Pierce's Golden Medical Discovery and find it a good tonic and are herbal extracts without alcohol or narcotics. Their ingredients are printed on the wrappers. If not obtainable at your dealers send \$1.00 to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large package of tablets, or fifty cents for smaller size."

Mrs. R. L. Frazier of Beaumont, Texas, Box 1051, says: "I used Dr. Pierce's Favorite Prescription and find it one of the finest remedies I ever tried for troubles peculiar to women. It will benefit any case if properly used. I recommend it to ladies in delicate health."

32 APPLY FOR NATURALIZATION

BIG RUSH OF FOREIGNERS IN WACO COURT SINCE SUB WAR STARTED.

Since the United States severed diplomatic relations with Germany February 4, thirty-two applications for naturalization papers have been received by J. B. Gean, clerk of the local federal court. Of this number the majority has been Germans, with a few Austrians and Turks.

This shows a big increase in the applications over previous months. In January there were nine applications, with only three for December. Saturday was one of the heaviest days for applications, five being received.

Before foreigners can become citizens of the United States they have to secure their second papers. The first papers can be secured any time and the second can be secured two years after the first were issued, provided the applicant has been a citizen of the United States for five years or more.

Caruso's latest Victor Record

Recently the Metropolitan Opera Company in New York revived Bizet's opera "Pearl Fishers," the production winning much admiration for its wealth of melodious and colorful music, and for the magnificent singing of Caruso in the part of "Nadir." And now the Victor presents Caruso's interpretation of Nadir's great aria of love, "I Hear as in a Dream." The incomparable art of the supreme tenor, combined with the melancholy beauty and emotional intensity of the song, have produced a record that every lover of opera will want to have.

Gluck sings of mother love

"He's just too new from heaven That's why your eyes get dim"—sings Alma Gluck in her new Victor Record, "Such a Little Fellow." And never has this singer given the world a record more eloquent of the radiant sympathy and humanness of her art. This song of happiness—the happiness that dwells in the heart of a mother who has a new "little fellow" in the house—is the kind of song Alma Gluck loves to sing, for which the world is glad.

Victor Red Seal Record 64625. Ten-inch, \$1.00.

Gems from "Bohemian Girl"

This old opera, rich in music of unaffected melody, enjoys a widespread and a long-lived popularity not possessed by many works of more pretentious music. This month the Victor Opera Company offers a new double-faced record containing seven of the best-loved numbers from this well-loved opera. If ever there was a record rich in quantity and quality of melodious songs, this is it. Hear the record at our store and prove it for yourself.
